

Johnson Controls Commences Exchange Offers for Johnson Controls, Inc. Notes and Tyco International Finance S.A. Notes

CORK, Ireland, Nov. 28, 2016 /PRNewswire/ -- Johnson Controls (NYSE:JCI) announced today that it has commenced offers to exchange all validly tendered and accepted notes of the following series issued by Johnson Controls, Inc. ("JCI Inc.") or Tyco International Finance S.A. ("TIFSA"), as applicable, each of which is a wholly owned indirect subsidiary of Johnson Controls, for new notes to be issued by Johnson Controls International plc as described in the table below (the "New Notes"). A registration statement on Form S-4 (the "registration statement") relating to the issuance of the New Notes was filed with the Securities and Exchange Commission ("SEC") on November 28, 2016 but has not yet been declared effective.

- (1) Consideration, representing principal amount of New Notes, per \$1,000 principal amount of existing notes (or per €1,000 principal amount of TIFSA Euro Notes) validly tendered, subject to any rounding as described herein.
- (2) The term "New Notes" refers to the series of new notes corresponding to the series of existing notes of like tenor and coupon.
- (3) Includes the early participation premium for existing notes validly tendered before the early consent date (as described in the prospectus (as defined below)) and not validly withdrawn.

In connection with the exchange offers, Johnson Controls is also soliciting consents from holders of the existing notes to amend (the "proposed amendments") the indentures governing the existing notes to eliminate various covenants, event of default provisions and other provisions under the applicable indentures and existing notes, and, with respect to the existing notes issued by TIFSA, release certain guarantees by Johnson Controls and one of its wholly owned subsidiaries. If the proposed amendments are adopted for any series, the existing notes of that series will be governed by the applicable amended indenture, which will have less restrictive terms and afford reduced protections to the holders of those securities compared to those currently in such indenture or those applicable to the New Notes to be issued by Johnson Controls.

In order for the proposed amendments to the indentures governing the existing notes to be adopted with respect to a series of existing notes, holders of a majority in aggregate principal amount of the outstanding notes of such series must consent to them.

The exchange offers and consent solicitations (together, the "exchange offers") will commence on November 28, 2016 and expire at 11:59 p.m., New York City time, on December 23, 2016, unless extended or terminated. In exchange for each \$1,000 (or €1,000 in the case of the TIFSA Euro Notes) principal amount of the existing notes that is validly tendered prior to 5:00 p.m., New York City time, on December 9, 2016 and not validly withdrawn, holders will receive the amounts set out in the table above under the "total consideration" column, which consists of \$1,000 (or €1,000 in the case of the TIFSA Euro Notes) principal amount of the New Notes and a cash amount of \$1 (or €1 in the case of the TIFSA Euro Notes). The total consideration includes the early participation premium set out in the table above. In exchange for each \$1,000 (or €1,000 in the case of the TIFSA Euro Notes) principal amount of existing notes that is validly tendered after 5:00 p.m., New York City time on December 9, 2016 but on or before 11:59 p.m., New York City time on December 23, 2016 and not validly withdrawn, holders will receive only the amounts set out in the table above under the "exchange consideration," column, which is equal to the total consideration less the early participation premium and so consists of \$970 (or €970 in the case of the TIFSA Euro Notes) principal amount of the New Notes and a cash amount of \$1 (or €1 in the case of the TIFSA Euro Notes).

Each New Note will accrue interest at the same annual interest rate, have the same currency, maturity, interest rates and interest payment dates as the applicable series of existing notes. The New Notes will be unsecured, unsubordinated obligations of Johnson Controls, will rank equally in right of payment with all other existing and future unsubordinated indebtedness and other obligations of Johnson Controls and will be effectively subordinated in right of payment to all existing and future secured indebtedness and

other obligations of Johnson Controls (to the extent of the value of the collateral securing such obligations). The New Notes will also be structurally subordinated to all obligations of the subsidiaries of Johnson Controls with respect to the assets of such subsidiaries (including JCI Inc., TIFSA and their respective subsidiaries), other than any subsidiaries that may guarantee the New Notes in the future.

The exchange offers are being made pursuant to the terms and conditions set forth in Johnson Controls' preliminary prospectus, dated as of November 28, 2016 (the "prospectus"), which forms a part of the registration statement. Subject to the terms and conditions of the exchange offers, JCI Inc. and TIFSA intend to enter into the supplemental indentures promptly upon the later of (i) the receipt of the consent of the holders of at least a majority in aggregate principal amount for the applicable series of existing notes and (ii) 5:00 p.m., New York City time on December 9, 2016. Tendered existing notes may be validly withdrawn at any time prior to the expiration of the exchange offers. Consents may be revoked at any time until the supplemental indenture for the applicable series of notes is executed, but may not be revoked after the supplemental indenture is executed.

The consummation of the exchange offers is subject to, and conditional upon, the satisfaction or, where permitted, waiver of the conditions discussed in the prospectus, including, among other things, the receipt of valid consents to the proposed amendments from the holders of at least a majority of the outstanding aggregate principal amount of each series of existing notes and the registration statement having been declared effective by the SEC.

About Johnson Controls:

Our 135,000 employees create intelligent buildings, efficient energy solutions, integrated infrastructure and next generation transportation systems that work seamlessly together to deliver on the promise of smart cities and communities. Our commitment to sustainability dates back to our roots in 1885, with the invention of the first electric room thermostat. We are committed to helping our customers win and creating greater value for all of our stakeholders through strategic focus on our buildings and energy growth platforms.

This press release shall not constitute an offer to sell, or a solicitation of an offer to buy, any of the securities described herein and is also not a solicitation of the related consents. The exchange offers may be made only pursuant to the terms and conditions of the prospectus and the other related materials. The registration statement relating to the new notes has been filed with the SEC but has not yet become effective. The new notes may not be sold, nor may offers to buy be accepted, prior to the time the registration statement is declared effective by the SEC.

Johnson Controls International plc Cautionary Statement Regarding Forward-Looking Statements

Johnson Controls International plc has made statements in this communication that are forward-looking and therefore are subject to risks and uncertainties. All statements in this document other than statements of historical fact are, or could be, "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. Words such as "may," "will," "expect," "intend," "estimate," "anticipate," "believe," "should," "forecast," "project" or "plan" and terms of similar meaning are also generally intended to identify forward-looking statements. However, the absence of these words does not mean that a statement is not forward-looking. Johnson Controls cautions that these statements are subject to numerous important risks, uncertainties, assumptions and other factors, some of which are beyond Johnson Controls' control, that could cause Johnson Controls' actual results to differ materially from those expressed or implied by such forward-looking statements. Detailed discussions of risks related to Johnson Controls' business and the exchange offers are included in the section entitled "Risk Factors" in Johnson Controls International plc's Annual Report on Form 10-K for the 2016 fiscal year filed with the SEC on November 23, 2016 and in the section entitled "Risk Factors" in the registration statement, respectively, each of which is available at www.sec.gov. Noteholders, potential investors and others should consider these factors in evaluating the forward-looking statements and should not place undue reliance on such statements. The forward-looking statements included in this communication are made only as of the date of this document, unless otherwise specified, and, except as required by law, Johnson Controls assumes no obligation, and disclaims any obligation, to update such statements to reflect events or circumstances occurring after the date of this communication.
