Baxter Initiates Offer to Exchange Shares of Baxter for Shares of Baxalta

DEERFIELD, Ill. and BANNOCKBURN, Ill. – April 21, 2016 – Baxter International Inc. (NYSE: BAX) (“Baxter”) and Baxalta Incorporated (NYSE: BXLT) (“Baxalta”) announced today that Baxter has commenced an offer to exchange up to 12,800,000 shares of Baxalta common stock that are currently owned by Baxter, which represents approximately 1.9% of the outstanding common stock of Baxalta, for shares of Baxter common stock that are validly tendered and not validly withdrawn in the exchange offer.

Following the completion of the exchange offer, if Baxter disposes of all of the remaining shares of Baxalta common stock held by it in the exchange offer, Baxalta will be wholly independent from Baxter, except that certain agreements between Baxter and Baxalta will remain in place.

Key elements of the exchange offer:

- Baxter stockholders have the option to exchange all, some or none of their shares of Baxter common stock for shares of Baxalta common stock, subject to proration as described below.
- Tendering Baxter stockholders are expected to receive approximately \$107.52 of Baxalta common stock for every \$100 of Baxter common stock tendered and accepted in the exchange offer, subject to the upper limit described below.
- Baxter will determine the ratio at which shares of Baxter common stock and Baxalta common stock will be exchanged by reference to the simple arithmetic average of the daily volume-weighted average prices of shares of Baxter common stock and Baxalta common stock on the New York Stock Exchange over a three consecutive trading day averaging period ending on and including the second trading day preceding the expiration date of the exchange offer.
- The number of shares of Baxter common stock that will be accepted in the exchange offer will depend on the final exchange ratio and the number of shares of Baxter common stock tendered.
- The exchange offer and withdrawal rights are scheduled to expire at 11:59 p.m., New York City time, on May 18, 2016, unless the exchange offer is extended or terminated.
- Baxter currently holds 30,506,097 shares of Baxalta common stock, which represents approximately 4.5% of the outstanding common stock of Baxalta. If Baxter does not exchange all of the shares of Baxalta common stock owned by it in the exchange offer, Baxter intends to, prior to or following the completion of the exchange offer, make a contribution to Baxter’s U.S. pension fund or distribute as a special dividend to all Baxter stockholders, on a pro rata basis, some or all of its remaining shares of Baxalta common stock.
- If Baxalta’s proposed merger with Shire plc (“Shire”) is consummated, each share of Baxalta common stock will be converted into the right to receive both (i) \$18.00 in cash and (ii) 0.1482 of an American Depository Share of Shire. Although Shire has agreed to permit a Baxalta stockholder to elect to receive 0.4446 of a Shire ordinary share in lieu of such fraction of an American Depository Share of Shire, the deadline for such election is

expected to have passed before the exchange offer is completed. The merger transaction with Shire, which will result in a taxable gain or loss for each Baxalta stockholder, has been approved by the boards of directors of both Shire and Baxalta. Closing of the transaction is subject to approval by Baxalta and Shire shareholders, certain regulatory approvals, receipt of certain tax opinions and other customary closing conditions. The transaction is expected to close in early June 2016.

The exchange offer is designed to permit Baxter stockholders to exchange their shares of Baxter common stock for shares of Baxalta common stock at a 7% discount in value, calculated as set forth in the exchange offer materials sent to Baxter stockholders, subject to an upper limit as described below. This discount means that tendering Baxter stockholders are expected to receive approximately \$107.52 of Baxalta common stock for every \$100 of Baxter common stock tendered and accepted in the exchange offer, subject to an upper limit. The upper limit in the exchange offer will be 1.4026 shares of Baxalta common stock for each share of Baxter common stock tendered and accepted in the exchange offer. If the upper limit is in effect, then the exchange ratio will be fixed at that limit.

The final exchange ratio determining the number of shares of Baxalta common stock participating stockholders will receive for each share of Baxter common stock accepted in the exchange offer will be announced in a press release no later than 9:00 a.m., New York City time, on the trading day preceding the expiration date of the exchange offer (unless the exchange offer is extended). The exchange offer will expire at 11:59 p.m., New York City time, on May 18, 2016, unless terminated or extended.

The exchange offer will be subject to proration if the exchange offer is oversubscribed, and the number of shares accepted in the exchange offer may be fewer than the number of shares tendered.

Baxter is not required to complete the exchange offer unless, among other things, the private letter ruling from the Internal Revenue Service (IRS), regarding certain U.S. federal income tax consequences of the distribution by Baxter on July 1, 2015 of approximately 80.5% of the shares of Baxalta common stock to stockholders of Baxter and certain related transactions, remains in full force and effect and has not been revoked in whole or in part. The exchange offer is also subject to customary closing conditions.

As a result of the completion of the exchange offer, the number of outstanding shares of Baxter common stock will be reduced.
