IMPORTANT INFORMATION REGARDING THE OFFER

This Offer to Purchase contains important information. You should read this Offer to Purchase in its entirety before you make any decision with respect to the Offer. There is no Letter of Transmittal for this Offer.

The principal purpose of the Offer is to acquire the Notes.

Any Notes tendered may be validly withdrawn at or before the Expiration Time, but not thereafter, by following the procedures described herein. See “The Offer—Withdrawal of Tenders.” Tenders of Notes may not be withdrawn after the Expiration Time, unless required by applicable law. If the Offer is terminated without Notes being purchased, any Notes tendered pursuant to the Offer will be returned promptly to the tendering Holders, and the Tender Offer Consideration will not be paid or become payable.

Subject to the terms and conditions of the Offer being satisfied or waived, we will, on the first business day after the Expiration Time (the “Acceptance Date”), accept for purchase all Notes validly tendered at or before the Expiration Time (and not validly withdrawn at or before the Expiration Time). We will pay the Tender Offer Consideration for all Notes accepted in the Offer on the settlement date, which is expected to be March 7, 2024, the first business day after the Expiration Time assuming that the Expiration Time is not extended (such date of payment of the Tender Offer Consideration, the “Settlement Date”), or, in the case of Notes tendered by Notice of Guaranteed Delivery and purchased pursuant to the Offer, on the third business day after the Expiration Time assuming the Expiration Time is not extended (such date of payment of the Tender Offer Consideration for Notes tendered by Notice of Guaranteed Delivery, the “Guaranteed Delivery Settlement Date”), which is expected to be March 11, 2024. We will announce the determination of the Tender Offer Consideration promptly on the Price Determination Date by issuance of a press release.

Also, on the Settlement Date or the Guaranteed Delivery Settlement Date, as applicable, if any, we will pay to the Holders accrued and unpaid interest from the last interest payment date of the Notes to, but not including, the Settlement Date. For avoidance of doubt, interest on the Notes will cease to accrue on the Settlement Date for all Notes accepted in the Offer, including those Notes tendered by Notice of Guaranteed Delivery and repurchased on the Guaranteed Delivery Settlement Date. All Notes purchased on the Settlement Date or the Guaranteed Delivery Settlement Date, as applicable, will subsequently be cancelled and retired.

Our obligation to accept for purchase, and to pay for, Notes validly tendered and not validly withdrawn pursuant to the Offer is conditioned upon the satisfaction or waiver of the General Conditions (as defined below). See “The Offer—Conditions to the Offer.”

We reserve the right, subject to applicable law, in our sole discretion, to amend or waive any of the conditions of the Offer, in whole or in part, at any time at or prior to the Expiration Time and from time to time. We also reserve the right, subject to applicable law, in our sole discretion, (1) upon the occurrence of any of the conditions specified in “The Offer—Conditions to the Offer” prior to the Expiration Time, to terminate or withdraw the Offer at any time prior to the Expiration Time, (2) to extend the Expiration Time or (3) otherwise to amend the Offer in any respect. The

foregoing rights are in addition to the right to delay acceptance for purchase of Notes tendered pursuant to the Offer or the payment of Notes accepted for purchase pursuant to the Offer in order to comply with any applicable law, subject to Rule 14e-1(c) under the Securities Exchange Act of 1934, as amended (the “Exchange Act”), which requires that we pay the consideration offered or return the Notes deposited by or on behalf of Holders promptly after the termination or withdrawal of the Offer.

Except as otherwise indicated herein, the terms “Company,” “we,” “our” and “us” refer to Molex Electronic Technologies, LLC and its subsidiaries. When we use the term the “Issuer,” we are referring to Molex Electronic Technologies, LLC, by itself and not including any of its subsidiaries.

No dealer, salesperson or other person is authorized to give any information or to make any representations with respect to the matters described in this Offer to Purchase or in the documents incorporated by reference in this Offer to Purchase other than those contained or incorporated by reference in this Offer to Purchase and, if given or made, such information or representation must not be relied upon as having been authorized by the Company, the Dealer Managers, the Information Agent, the Tender Agent or the Trustee.

These Offer Documents do not constitute an offer to buy or the solicitation of an offer to sell Notes in any jurisdiction in which such offer or solicitation is unlawful. In any jurisdiction where the securities, blue sky or other laws require the Offer to be made by a licensed broker or dealer, the Offer shall be deemed to be made on behalf of us by the Dealer Managers or one or more registered brokers or dealers licensed under the laws of such jurisdiction. Neither the delivery of this Offer to Purchase after the date hereof nor any purchase of Notes shall, under any circumstances, create any implication that there has been no change in our or our affiliates’ affairs since the date hereof, or that the information included or incorporated by reference herein is correct as of any time subsequent to the date hereof or thereof, respectively.

The Offer Documents have not been filed with or reviewed by the Securities and Exchange Commission (“SEC”) or any other federal or state securities commission or regulatory authority of any country, nor has the SEC or any such commission or authority passed upon the accuracy or adequacy of this Offer to Purchase or any of the other documents delivered herewith. Any representation to the contrary is unlawful and may be a criminal offense.

The Trustee has not reviewed or approved this Offer to Purchase or the terms of the Offer.

IMPORTANT INFORMATION REGARDING TENDERING NOTES

Beneficial owners whose Notes are registered in the name of a broker, dealer, commercial bank, trust company or other nominee must contact such broker, dealer, commercial bank, trust company or other nominee if they wish to tender any such Notes. Beneficial owners should be aware that their broker, dealer, commercial bank, trust company or other nominee may establish its own earlier deadline for participation in the Offer. Accordingly, beneficial owners wishing to participate in the Offer should contact their broker, dealer, commercial bank, trust company or other nominee as soon as possible in order to determine the time by which they must take action in order to so participate. See “The Offer— Procedures for Tendering Notes.”

We expect that The Depository Trust Company (“DTC”) will authorize its participants that hold Notes through it to tender their Notes as if they were Holders. To effect a tender, DTC participants should transmit their acceptance to DTC through the DTC Automated Tender Offer Program (“ATOP”), for which the Offer will be eligible, and follow the procedures for book-entry transfer set forth in “The Offer—Procedures for Tendering Notes.”

If you desire to tender your Notes and (1) you cannot comply with the procedure for book-entry transfer or (2) you cannot deliver the other required documents to DTC by the Expiration Time, you must tender your Notes according to the guaranteed delivery procedure described below.

Tendering Holders will not be obligated to pay brokerage fees or commissions to the Issuer, the Dealer Manager, the Information Agent, the Tender Agent or the Trustee in connection with their tendering Notes pursuant to the Offer.

Tender Offer Consideration	The Tender Offer Consideration for each \$1,000 principal amount of Notes validly tendered and accepted for purchase pursuant to the Offer will be determined in the manner described in this Offer to Purchase by reference to the Fixed Spread specified on the front cover of this Offer to Purchase plus the Reference Yield based on the bid-side price of the U.S. Treasury Reference Security specified on the front cover of this Offer to Purchase as quoted on the Reference Page at 2:00 p.m., New York City time, on the Price Determination Date. date of the Notes to, but not including, the Settlement Date. No interest will be payable because of any delay by the Tender Agent, DTC or any other party in the transmission of funds to Holders or any delay in the guaranteed delivery procedures or otherwise.

Effect of the Offer on Unpurchased Notes..... Any Notes not tendered and purchased pursuant to the Offer will remain outstanding. As a result of the consummation of the Offer, the aggregate principal amount of Notes that remain outstanding is expected to be significantly reduced, which may adversely affect the liquidity and, consequently, the market price for any Notes that remain outstanding after consummation of the Offer. See “Certain Considerations—Limited Trading Market.”

Acceptance Date We expect that the Acceptance Date will be the first business day after the Expiration Time, subject to the satisfaction or waiver of the conditions to the Offer. The Acceptance Date is expected to be March 7, 2024.

Settlement Date We expect the Settlement Date for all Notes accepted in the Offer (other than Notes tendered by Notice of Guaranteed Delivery and purchased pursuant to the Offer) will be March 7, 2024, the first business day after the Expiration Time, unless the Expiration Time is extended or the Offer is terminated earlier. Accrued interest will cease to accrue on the Settlement Date for all Notes accepted in the Offer, including those Notes tendered by Notice of Guaranteed Delivery and purchased on the Guaranteed Delivery Settlement Date.

Guaranteed Delivery If you desire to tender Notes in the Offer and the procedures for book-entry transfer cannot be completed on a timely basis before the Expiration Time, your tender may still be effected if all of the guaranteed delivery procedures are followed as set forth in “The Offer—Procedures for Tendering Notes—Guaranteed Delivery.”

Guaranteed Delivery Settlement Date.....	With respect to Notes for which a properly completed and duly executed Notice of Guaranteed Delivery is delivered prior to the Expiration Time, assuming that the conditions to the Offer are satisfied or waived, we expect the Guaranteed Delivery Settlement Date for all such Notes accepted in the Offer will be March 11, 2024, the third business day after the Expiration Time, unless the Expiration Time is extended or the Offer is terminated earlier. Accrued interest will cease to accrue on the Settlement Date for all Notes accepted in the Offer.

How to Tender Notes	For a description of the procedures for tendering Notes, see “The Offer—Procedures for Tendering Notes.” For further information, call the Information Agent or the Dealer Managers, or consult your broker, dealer, commercial bank, trust company or other nominee for assistance.
No Recommendation.....	None of the Company, the Issuer’s Board of Managers (or any committees thereof), our management, the Dealer Managers, the Information Agent, the Tender Agent, the Trustee, or any of their respective affiliates, makes any recommendation as to whether Holders should tender Notes in response to the Offer. We have not authorized any person to make such a recommendation. Holders are

urged to evaluate carefully all information in the Offer Documents, consult their own investment and tax advisors and make their own decisions about whether to tender Notes, and, if they wish to tender Notes, the principal amount of Notes to tender.

The tender of Notes in the Offer may not be suitable for you. You should consider carefully all of the information set forth and incorporated by reference in this Offer to Purchase and, in particular, you should evaluate the specific factors set forth under “The Offer” and “Certain Considerations” before deciding whether to participate in the Offer.

Withdrawal Rights Notes tendered may be validly withdrawn at any time at or before the Expiration Time, but not thereafter, by following the procedures described herein. Tenders of Notes may not be withdrawn after the Expiration Time, unless required by applicable law.

Extension of the Offer We reserve the right to extend the Offer at any time, for any reason, subject to applicable law. Any extension of the Offer will be followed as promptly as practicable by announcement thereof, but not later than 9:00 a.m., New York City time, on the business day immediately following the previously scheduled Expiration Time.

Termination of the Offer We expressly reserve the right, subject to applicable law, upon the occurrence of any of the conditions specified in “The Offer—Conditions to the Offer” prior to the Expiration Time, to terminate the Offer and not accept for purchase any Notes pursuant to the Offer, and otherwise to amend the terms of the Offer in any respect. Any amendment or termination of the Offer will be followed as promptly as practicable by announcement thereof. If we make a material change in the terms of the Offer or in the information concerning the Offer or waive a material condition of the Offer, we will, to the extent required by applicable

law, disseminate additional Offer materials and extend the Offer. If the Offer is terminated without any Notes being purchased, any Notes previously tendered will be returned promptly to the tendering Holders, and the Tender Offer Consideration will not be paid or become payable. See “The Offer—Announcements.”

Our business, financial condition, results of operations and prospects may have changed since those dates.

CAUTIONARY NOTE REGARDING FORWARD-LOOKING STATEMENTS

This Offer to Purchase and the documents incorporated by reference herein include forward-looking statements within the meaning of the federal securities laws of the United States. Statements that are not historical facts, including statements about our beliefs and expectations, are forward-looking statements. Forward-looking statements include statements generally preceded by, followed by or that include the words “anticipate,” “believe,” “could,” “estimate,” “expect,” “forecast,” “may,” “plan,” “should,” “will” or similar expressions. These statements include, among others, statements regarding our financial results and results of operations, as well as our ability to redeem, repurchase or otherwise acquire any Notes that remain outstanding after the Expiration Time or the termination of the Offer.

Forward-looking statements reflect our current expectations and are not guarantees of performance. These statements are based on our management’s beliefs and assumptions, which in turn are based on currently available information. Important assumptions relating to these forward-looking statements include, among others, assumptions regarding the level of participation by Holders in the Offer. These assumptions could prove inaccurate. Forward-looking statements also involve risks and uncertainties, which could cause actual results to differ materially from those contained in any forward-looking statement. Many of these factors are beyond our ability to control or predict. Such factors include, but are not limited to, the following:

- the consummation of the Offer;
- prolonged economic downturn or economic uncertainty;
- loss of market share by customers or the significant reduction in revenue from large volume customers;
- pressure to reduce selling prices;
- volatility in prices of commodity materials;
- intense market competition;
- dependency on new products;
- challenges in manufacturing;
- industry consolidation;
- dependency on key employees and competition in hiring and retaining qualified employees;
- changes in other significant operating expenses;
- reliance on intellectual property rights;
- breach of information technology systems;

- decline in the market value of our pension plans' investment portfolios;
- exposure to income tax rate fluctuations and additional tax liabilities;
- volatility of foreign currency exchange rates;
- adverse outcomes in litigation proceedings; and
- breach of covenants in any indenture governing our senior notes.

We caution you not to place undue reliance on these forward-looking statements that speak only as of the date they were made. We do not undertake any obligation to publicly release any revisions to these forward-looking statements to reflect events or circumstances after the date of this Offer to Purchase or to reflect the occurrence of unanticipated events.

CERTAIN CONSIDERATIONS

In deciding whether to participate in the Offer, each Holder should consider carefully, in addition to the information contained or incorporated by reference in this Offer to Purchase, the matters discussed below.

Limited Trading Market

The Notes are not listed on any national or regional securities exchange. To the extent that Notes are validly tendered and accepted for purchase pursuant to the Offer, the trading market for any Notes that remain outstanding after completion of the Offer is likely to become more limited than it is at present. To the extent a market continues to exist for the Notes, such Notes may trade at a discount compared to present trading prices depending on prevailing interest rates, the market for debt instruments with similar credit features, our operating and financial performance and other factors. The extent of the market for the Notes and the availability of market quotations will depend upon the number of Holders, the interest in maintaining a market in the Notes on the part of securities firms and other factors. There is no assurance that an active market in the Notes will exist, and no assurance can be made as to the prices at which the Notes may trade after the consummation of the Offer.

A debt security which is part of a series with a small outstanding principal amount available for trading (a smaller “float”) may command a lower price than would a comparable debt security of a series with a larger float. Therefore, the market price for Notes that are not tendered and accepted for purchase pursuant to the Offer may be affected adversely to the extent that the principal amount of Notes purchased pursuant to the Offer reduces the float. A reduced float may also make the trading price of Notes that are not purchased in the Offer more volatile.

The Consummation of the Offer is Subject to Satisfaction of Certain Conditions

The consummation of the Offer is subject to, and conditioned upon, satisfaction or waiver of the General Conditions. These conditions are described in more detail in this Offer to Purchase under “The Offer—Conditions to the Offer.” There can be no assurance that such conditions will be satisfied or waived with respect to the Offer.

The Consideration Offered for the Notes Does Not Necessarily Reflect the Fair Value of the Notes

The consideration offered for the Notes pursuant to the Offer does not reflect any independent valuation of such Notes and does not take into account events or changes in financial markets (including interest rates) after the commencement of the Offer. We have not obtained or requested a fairness opinion from any banking or other firm as to the fairness of the consideration offered for the Notes. If a Holder tenders Notes, such Holder may or may not receive more or as much value than if he, she or it chose to keep them.

Tendering Notes Will Have Tax Consequences

See “Certain U.S. Federal Income Tax Considerations” for a discussion of certain U.S. federal income tax consequences of the Offer.

Subsequent Repurchases of Notes; Discharge

From time to time after the Expiration Time or termination of the Offer, we and/or our affiliates may acquire any Notes that are not purchased pursuant to the Offer through optional redemption provisions of the Indenture, open market purchases, privately negotiated transactions, tender offers, exchange offers or otherwise, upon such terms and at such prices as we or such affiliates may determine, which may be more or less than the price to be paid pursuant to the Offer and could be for cash or other consideration. There can be no assurances as to which, if any, of these alternatives or combinations thereof we may choose to pursue in the future. Nothing contained in the Offer will prevent us from exercising our rights under the Indenture to defease or satisfy or otherwise discharge our obligations with respect to the Notes by depositing cash or securities with the Trustee in accordance with the terms of the Indenture.

Treatment of Notes Not Tendered in the Offer

Notes not tendered and purchased in the Offer will remain outstanding. The terms and conditions governing the Notes, including the covenants and other protective provisions contained in the Indenture, will remain unchanged. No amendments to these documents are being sought.

Position Regarding the Offer

None of the Company, the Issuer's Board of Managers (or any committees thereof), our management, the Dealer Managers, the Information Agent, the Tender Agent or the Trustee, or any of their respective affiliates, makes any recommendation to any Holder whether to tender or refrain from tendering any or all of such Holder's Notes. None of the Company, the Issuer's Board of Managers (or any committees thereof), our management, the Dealer Managers, the Information Agent, the Tender Agent, the Trustee, or any of their respective affiliates, has authorized any person to make any such recommendation. Holders are urged to evaluate carefully all information in the Offer Documents, consult their own investment and tax advisors and make their own decisions about whether to tender Notes, and, if they wish to tender Notes, the principal amount of Notes to tender.

Information contained on our website is not incorporated by reference into this Offer to Purchase and is not part of this Offer to Purchase.

Purpose and Background of the Offer

The purpose of the Offer is to acquire all outstanding Notes.

Position Regarding the Offer

None of the Company, the Issuer's Board of Managers (or any committees thereof), our management, the Dealer Managers, the Information Agent, the Tender Agent or the Trustee, or any of their respective affiliates, makes any recommendation to any Holder whether to tender or refrain from tendering any or all of such Holder's Notes. None of the Company, the Issuer's Board of Managers (or any committees thereof), our management, the Dealer Managers, the Information Agent, the Tender Agent, the Trustee, or any of their respective affiliates, has authorized any person to make any such recommendation. Holders are urged to evaluate carefully all information in the Offer Documents, consult their own investment and tax advisors and make their own decisions about whether to tender Notes, and, if they wish to tender Notes, the principal amount of Notes to tender.

Tender Offer Consideration

The Tender Offer Consideration offered per \$1,000 principal amount of Notes validly tendered and accepted for purchase pursuant to the Offer will be calculated in accordance with Schedule A hereto, so as to result in a price as of the Settlement Date based on a yield to the maturity date for the Notes equal to the sum of:

- the Reference Yield based on the bid-side price of the U.S. Treasury Reference Security set forth on the front cover of this Offer to Purchase, as quoted on the Reference Page at 2:00 p.m., New York City time, at the Price Determination Date, *plus*
- the Fixed Spread set forth on the front cover of this Offer to Purchase.

This sum is referred to in this Offer to Purchase as the "Repurchase Yield." Specifically, the Tender Offer Consideration offered per \$1,000 principal amount of Notes validly tendered and accepted for purchase will equal:

- the present value per \$1,000 principal amount of all remaining payments of principal and interest on the Notes, discounted to the Settlement Date in accordance with the formula set forth on Schedule A hereto, at a discount rate equal to the Repurchase Yield, *minus*
- the Accrued Interest up to, but not including, the Settlement Date per \$1,000 principal amount of the Notes.

Schedule A hereto contains the formula to be used in calculating the Tender Offer Consideration for the Notes.

Subject to the terms and conditions described in this Offer to Purchase, if a Holder validly tenders its Notes pursuant to the Offer prior to or at the Expiration Time, including pursuant to the guaranteed delivery procedures, and such Holder's Notes are accepted for purchase, such Holder will receive the Tender Offer Consideration for each \$1,000 principal amount of its tendered Notes.

In addition to the Tender Offer Consideration, all Holders of Notes accepted for purchase will also receive the Accrued Interest from the last interest payment date up to, but not including,

the Settlement Date, payable on the Settlement Date or the Guaranteed Delivery Settlement Date, as applicable.

Because the consideration applicable to the Offer is based on a fixed spread pricing formula linked to the yield on the applicable U.S. Treasury Reference Security, the actual amount of consideration that may be received by a tendering Holder pursuant to the Offer will be affected by changes in such yield during the term of the Offer prior to the Price Determination Date. After the Price Determination Date, when the consideration applicable to the Offer is no longer linked to the yield on the U.S. Treasury Reference Security, the actual amount of cash that may be received by a tendering Holder pursuant to the Offer will be known, and Holders will be able to ascertain the Tender Offer Consideration, that would be received by all tendering Holders whose Notes are accepted for purchase pursuant to the Offer in the manner described above.

In the event of any dispute or controversy regarding the (i) Tender Offer Consideration, (ii) Reference Yield, (iii) Repurchase Yield or (iv) amount of Accrued Interest for Notes tendered and accepted for purchase pursuant to the Offer, the Issuer's determination shall be conclusive and binding, absent manifest error.

Prior to 2:00 p.m., New York City time, on the Price Determination Date, Holders may obtain a hypothetical quote of the yield of the U.S. Treasury Reference Security (calculated as of a then-recent time) and the resulting hypothetical Tender Offer Consideration, by contacting the Dealer Managers at their telephone numbers set forth on the back cover of this Offer to Purchase. In addition, as soon as practicable after the Price Determination Date, the Issuer will publicly announce the pricing information by press release, if applicable.

Notes may be tendered and accepted for payment only in principal amounts equal to minimum denominations of \$2,000 and integral multiples of \$1,000 in excess thereof. No alternative, conditional or contingent tenders will be accepted. Holders who tender less than all of their Notes must continue to hold Notes in at least the minimum authorized denomination of \$2,000 principal amount.

Financing of the Offer

We intend to fund the consummation of the Offer and pay fees and expenses incurred in connection with the foregoing using cash on hand.

Price Determination Date; Expiration Time; Extensions, Amendments and Termination

The Price Determination Date is 2:00 p.m., New York City time, on March 6, 2024, unless extended, in which case the Price Determination Date will be such date to which the Price Determination Date is extended. The Expiration Time for the Offer is 5:00 p.m., New York City time, on March 6, 2024, unless extended or earlier terminated, in which case the Expiration Time will be such date to which the Expiration Time is extended or earlier terminated.

In our sole discretion, we reserve the right to extend the Price Determination Date or the Expiration Time or otherwise amend the Offer for any purpose, from time to time, including to permit the satisfaction or waiver of any or all conditions to the Offer, by giving written or oral

notice to the Tender Agent and by making a public announcement in the manner described under “—Announcements” below. During any extension of the Offer, all Notes previously tendered will remain subject to the Offer unless validly withdrawn at or prior to the Expiration Time.

The Issuer reserves the right, subject to applicable law, to:

- waive any and all conditions to the Offer;
- terminate or withdraw the Offer upon the occurrence of any of the conditions specified in “The Offer—Conditions to the Offer” prior to the Expiration Time;
- extend the Expiration Time;
- extend the Price Determination Date; or
- otherwise amend the Offer in any respect.

If the Offer is terminated, Notes tendered pursuant to the Offer will be returned promptly to tendering Holders. The Issuer reserves the right, subject to applicable law, to (1) accept for purchase and pay for all Notes validly tendered at or before the Expiration Time and to keep the Offer open or extend the Expiration Time and/or the Price Determination Date and (2) waive any and all conditions to the Offer for Notes tendered at or before the Expiration Time.

Any extension, amendment or termination will be followed as promptly as practicable by a public announcement of the extension, amendment or termination in the manner described in “—Announcements” below, which announcement in the case of an extension of the Expiration Time and/or Price Determination Date will be made no later than 9:00 a.m., New York City time, on the business day after the previously scheduled Expiration Time and/or Price Determination Date, as applicable.

Any waiver or amendment to the Offer will apply to all Notes tendered pursuant thereto, regardless of when or in what order those Notes were tendered.

Announcements

If we are required to make an announcement relating to an extension of the Expiration Time, the Price Determination Date, the Settlement Date and/or the Guaranteed Delivery Settlement Date, to a waiver, amendment or termination of the Offer, or to our acceptance for payment of the Notes, we will do so as promptly as practicable, and in the case of an extension of the Expiration Time and/or Price Determination Date, no later than 9:00 a.m., New York City time, on the next business day after the previously scheduled Expiration Time and/or Price Determination Date, as applicable. Announcements will be published by means of a news release to a U.S. nationally recognized press service.

Conditions to the Offer

Notwithstanding any other provision of the Offer, and in addition to, and not in limitation of, our rights to extend or amend the Offer, the closing of the Offer is subject to the satisfaction of

the General Conditions.

The “General Conditions” listed below with respect to the Offer will be deemed to be satisfied unless we determine, in our reasonable judgment, that any of the events listed below has occurred and that, regardless of the circumstances giving rise to the event (other than any action or inaction by us), such event makes it inadvisable to proceed with the Offer or with acceptance for payment of any Notes tendered in the Offer:

- there has been threatened or instituted or there is pending any action, suit or proceeding (or there shall have been any material adverse development in any action, suit or proceeding currently instituted, threatened or pending) by any government or governmental, regulatory or administrative agency, authority or tribunal or by any other person, domestic, foreign or supranational, before any court, authority, agency or other tribunal that directly or indirectly:
 - challenges or seeks to make illegal, or to delay or otherwise directly or indirectly to restrain, prohibit or otherwise affect the making of the Offer, the acceptance for purchase of, or payment for, some or all of the Notes pursuant to the Offer or otherwise relates in any manner to the Offer; or
 - will, or be likely to, materially and adversely affect the business, condition (financial or otherwise), assets, income, operations or prospects of the Issuer and its subsidiaries, taken as a whole, or otherwise materially impair in any way the contemplated future conduct of the business of the Issuer or any of its subsidiaries;
- there has occurred any of the following:
 - any general suspension of trading in, or limitation on prices for, securities on any United States national securities exchange or in the over-the-counter market;
 - the declaration of a banking moratorium or any suspension of payments in respect of banks in the United States, whether or not mandatory;
 - the commencement or escalation of a war, armed hostilities or other international or national calamity, including, but not limited to, an act of terrorism, directly or indirectly involving the United States;
 - any limitation, whether or not mandatory, by any governmental, regulatory or administrative agency or authority on, or any event that, in the Issuer’s reasonable judgment, could materially affect, the extension of credit by banks or other lending institutions in the United States;
 - any decrease of more than 10% in the Dow Jones Industrial Average, New York Stock Exchange Index, Nasdaq Composite Index or the Standard and Poor’s 500 Composite Index measured from the close of trading on February 28, 2024, any significant adverse change in the price of the Notes, a material impairment

in the trading market for debt securities, any significant increase in the interest rate, distribution rate or other significant change in the terms for debt security offerings in the United States, or any changes in the general political, market, economic or financial conditions in the United States or abroad that could have, in the Issuer's reasonable judgment, a material adverse effect on the Issuer's and its subsidiaries' business, condition (financial or otherwise), assets, income, operations or prospects, taken as a whole, or on the trading in the Notes, or on the benefits of the Offer to us; or in the case of any of the foregoing existing at the time of commencement of the Offer, or in the Issuer's reasonable judgment, a material acceleration or worsening thereof; or

- any change or changes, or threatened change or changes, in the Issuer's or its subsidiaries' business, condition (financial or otherwise), assets, income, operations, prospects or share ownership that, in the Issuer's reasonable judgment, has or will have a material adverse effect on the Issuer or its subsidiaries, taken as a whole, or on the benefits of the Offer to us.

The foregoing conditions are for our sole benefit and may be asserted by us in our reasonable judgment regardless of the circumstances giving rise to any such conditions, other than any action or inaction by us. Our determination concerning any of the events described above will be final and binding absent a finding to the contrary by a court of competent jurisdiction. We reserve the right, subject to applicable law, in our sole discretion, to waive any of the conditions, in whole or in part. If we waive any of the conditions described above, we may be required to extend the Expiration Time. Specifically, if a condition to this Offer is "triggered" and we proceed with this Offer anyway, this may amount to a waiver of the condition. Depending on the materiality of the waived condition and the number of days remaining in this Offer, we may be required to extend this Offer and circulate a new disclosure to Holders. We will promptly inform Holders of how we intend to proceed in the event a condition to this Offer is triggered by events that occur prior to the expiration of this Offer.

Acceptance of Notes for Purchase; Payment for Notes

We expect the Acceptance Date to be one business day after the Expiration Time, so long as the conditions to the Offer have been satisfied or waived by such time. Upon the terms and subject to the conditions of the Offer, we will pay for Notes validly tendered pursuant to the Offer at or before the Expiration Time on the Settlement Date or the Guaranteed Delivery Settlement Date, as applicable.

We reserve the right, in our sole discretion to delay acceptance for purchase of Notes tendered under the Offer or payment for Notes accepted for purchase, subject to Rule 14e-1 under the Exchange Act, which requires that we pay the consideration offered or return the Notes deposited by or on behalf of the Holders promptly after the termination or withdrawal of the Offer.

In all cases, payment for Notes accepted for purchase pursuant to the Offer will be made only after confirmation of a book-entry transfer of the Notes into the Tender Agent's account at DTC pursuant to the procedures set forth under "—Procedures for Tendering Notes."

For purposes of the Offer, we will be considered to have accepted for purchase validly tendered Notes, or defectively tendered Notes as to which we have waived the defects, if, as and when we give oral notice promptly confirmed in writing or written notice of acceptance of such Notes to the Tender Agent. Upon the terms and subject to the conditions of the Offer, payment for Notes accepted for purchase in the Offer will be made by us by deposit with the Tender Agent (or upon its instructions, DTC), which will act as agent for the tendering Holders for the purpose of receiving the Tender Offer Consideration and transmitting such monies to the appropriate Holders.

If, for any reason, acceptance for purchase or payment of Notes validly tendered pursuant to the Offer is delayed or we are unable to accept for purchase or pay for validly tendered Notes pursuant to the Offer, then, without prejudice to our rights under “—Expiration Time; Extensions, Amendments and Termination” and “—Conditions to the Offer” above and “—Withdrawal of Tenders” below, but subject to Rule 14e-1 under the Exchange Act, the Tender Agent may, nevertheless, on our behalf, retain tendered Notes, and such Notes may not be withdrawn.

If any tendered Notes are not accepted for purchase for any reason pursuant to the Offer, such Notes will be credited to the account maintained at DTC from which such Notes were delivered promptly following the date on which Notes are accepted for purchase or the date of termination of the Offer, as applicable.

Holders that tender Notes that are accepted for purchase pursuant to the Offer will be entitled to accrued and unpaid interest on such Notes to, but not including, the Settlement Date. No additional interest will be payable because of any delay by the Tender Agent or DTC or any other person in the transmission of funds to Holders or any delay in the guaranteed delivery procedures or otherwise.

Holders that tender Notes purchased in the Offer will not be obligated to pay transfer taxes with respect to the purchase of such Notes.

Procedures for Tendering Notes

General

For a Holder to be eligible to receive the Tender Offer Consideration, the Holder must validly tender its Notes pursuant to the Offer at or before the Expiration Time and not withdraw those Notes, or deliver a properly completed and duly executed Notice of Guaranteed Delivery, substantially in the form attached as Appendix A hereto, at or before the Expiration Time.

The method of delivery of Notes or Notice of Guaranteed Delivery, any required signature guarantees and all other required documents, including delivery through DTC and any acceptance of an Agent’s Message (as defined below) transmitted through ATOP, is at the election and risk of the person tendering Notes, transmitting an Agent’s Message or Notice of Guaranteed Delivery, and delivery will be considered made only when actually received by the Tender Agent. Notes may be tendered and accepted for payment only in principal amounts equal to minimum denominations of \$2,000 and integral multiples of \$1,000 in excess thereof. No alternative, conditional or contingent tenders will be accepted. Holders who tender less than all of their Notes must continue to hold Notes in at least the minimum authorized denomination of \$2,000 principal amount.

Tender of Notes, Binding Agreement

The tender of Notes by a Holder, pursuant to the procedures set forth below, and the subsequent acceptance of that tender by us, will constitute a binding agreement between that Holder and us in accordance with the terms and subject to the conditions set forth in this Offer to Purchase, which agreement will be governed by, and construed in accordance with, the laws of the State of New York.

Tender of Notes Held Through a Custodian

Any beneficial owner whose Notes are registered in the name of a broker, dealer, commercial bank, trust company or other nominee and who wishes to tender Notes should contact such broker, dealer, commercial bank, trust company or other nominee promptly and instruct such broker, dealer, commercial bank, trust company or other nominee to tender such Notes on such beneficial owner's behalf.

Beneficial owners should be aware that their broker, dealer, commercial bank, trust company or other nominee may establish its own earlier deadline for participation in the Offer. Accordingly, beneficial owners wishing to participate in the Offer should contact their broker, dealer, commercial bank, trust company or other nominee as soon as possible in order to determine the time by which they must take action in order to participate.

Tender of Notes Held Through DTC

To validly tender Notes that are held through DTC, DTC participants should electronically transmit their acceptance through ATOP (and thereby tender Notes), for which the Offer will be eligible. Upon receipt of such Holder's acceptance through ATOP, DTC will edit and verify the acceptance and send an Agent's Message to the Tender Agent for its acceptance. Delivery of tendered Notes held through DTC must be made to the Tender Agent pursuant to the book-entry delivery procedures set forth below.

Except as provided below, we may, at our option, reject such tender.

If you desire to tender your Notes or use the guaranteed delivery procedures prior to or at the Expiration Time through ATOP, you should note that you must allow sufficient time for completion of the ATOP procedures during the normal business hours of DTC on such date.

Book-Entry Delivery Procedures

The Tender Agent will establish an account with respect to the Notes at DTC for purposes of the Offer within two business days after the date of this Offer to Purchase, and any financial institution that is a participant in DTC may make book-entry delivery of the Notes by causing DTC to transfer such Notes into the Tender Agent's account in accordance with DTC's procedures for such transfer. The confirmation of a book-entry transfer into the Tender Agent's account at DTC, as described above, is referred to in this Offer to Purchase as a "Book-Entry Confirmation."

The term "Agent's Message" means a message transmitted by DTC to, and received by,

the Tender Agent and forming a part of the Book-Entry Confirmation, which states that DTC has received an express acknowledgment from the DTC participant tendering the Notes.

Holders wishing to tender Notes must allow sufficient time for completion of the ATOP procedures during the normal business hours of DTC.

Guaranteed Delivery

If you desire to tender Notes in the Offer and the procedures for book-entry transfer cannot be completed on a timely basis before the Expiration Time, your tender may still be effected if all of the following conditions are met:

- the tender is made by or through DTC;
- a properly completed and duly executed Notice of Guaranteed Delivery, substantially in the form provided by the Issuer, attached as Appendix A hereto, is received by the Tender Agent, as provided below, before the Expiration Time; and
- a Book-Entry Confirmation, together with an Agent's Message, are received by the Tender Agent within two trading days after the date of execution of the Notice of Guaranteed Delivery.

The Notice of Guaranteed Delivery may be transmitted in accordance with the usual procedures of DTC and the Tender Agent; provided, however, that if the notice is sent by DTC through electronic means, it must state that DTC has received an express acknowledgment from the Holder on whose behalf the notice is given that the Holder has received and agrees to become bound by the form of the notice to the Tender Agent. If the ATOP procedures are used, the DTC participant need not complete and physically deliver the Notice of Guaranteed Delivery. However, the DTC participant will be bound by the terms of the Offer.

Guaranteed deliveries may be submitted only in authorized denominations.

Payment for Notes tendered by guaranteed delivery procedures will take place on the Guaranteed Delivery Settlement Date, which, assuming that the conditions to the Offer are satisfied or waived, we expect will be March 11, 2024, the third business day after the Expiration Time, unless the Expiration Time is extended or the Offer is terminated earlier.

Foreign Holders that want to tender using a guaranteed delivery process should contact their brokers or the Tender Agent.

FOR THE AVOIDANCE OF DOUBT, THE DELIVERY OF SUCH NOTES TENDERED BY GUARANTEED DELIVERY PROCEDURES MUST BE MADE NO LATER THAN 5:00 P.M., NEW YORK CITY TIME, ON MARCH 8, 2024, WHICH IS TWO BUSINESS DAYS FOLLOWING THE EXPIRATION TIME (THE "NOTICE OF GUARANTEED DELIVERY DATE"); PROVIDED, THAT THE ACCRUED INTEREST WILL CEASE TO ACCRUE ON THE SETTLEMENT DATE FOR ALL NOTES ACCEPTED IN THE OFFER, INCLUDING THOSE TENDERED BY THE GUARANTEED DELIVERY PROCEDURES SET FORTH ABOVE, AND UNDER NO CIRCUMSTANCES WILL WE PAY ADDITIONAL

INTEREST ON THE TENDER OFFER CONSIDERATION AFTER THE SETTLEMENT DATE BY REASON OF ANY DELAY IN THE GUARANTEED DELIVERY PROCEDURES.

Other Matters

All questions as to the form of all documents and the validity (including time of receipt) and acceptance of all tenders of Notes will be determined by us, in our sole discretion, and our determination will be final and binding absent a finding to the contrary by a court of competent jurisdiction. Conditional or contingent tenders will not be considered valid. We reserve the absolute right to reject any or all tenders of Notes determined by us not to be in proper form. We also reserve the absolute right to waive any defect, irregularity or condition of tenders to particular Notes. Our interpretations of the terms and conditions of the Offer will be final and binding absent a finding to the contrary by a court of competent jurisdiction. Any defect or irregularity in connection with tenders of Notes must be cured within such time as we determine, unless waived by us. Tenders of Notes will not be considered to have been made until all defects and irregularities have been waived by us or cured. None of the Issuer, the Dealer Managers, the Information Agent, the Tender Agent, the Trustee, any of their respective affiliates, or any other person will be under any duty to give notice of any defects or irregularities in tenders of Notes, or will incur any liability to Holders for failure to give any such notice.

Withdrawal of Tenders

Any Notes tendered may be validly withdrawn at, or at any time before, the Expiration Time, but not thereafter, by following the procedures described herein; provided, however, Notes tendered may be validly withdrawn at any time after the 60th business day after commencement of the Offer if for any reason the Offer has not been consummated. Tenders of Notes may not be withdrawn or revoked after the Expiration Time, unless required by applicable law.

For a withdrawal of a tender of Notes to be effective, a written or facsimile transmission of a notice of withdrawal or a Request Message (as defined below) must be received by the Tender Agent at its address set forth on the back cover of this Offer to Purchase at or before the Expiration Time.

Any notice of withdrawal must:

- specify the name of the Holder of the Notes to be withdrawn;
- contain the description of the Notes to be withdrawn, the number of the account at DTC from which such Notes were tendered and the name and number of the account at DTC to be credited with the Notes withdrawn and the principal amount of such Notes; and
- be accompanied by documents of transfer sufficient to have the Trustee register the transfer of the Notes into the name of the person withdrawing such Notes.

The signature(s) on the notice of withdrawal of any tendered Notes must be guaranteed by an eligible institution, unless the Notes have been tendered for the account of an eligible institution.

In lieu of submitting a written, telegraphic or facsimile transmission notice of withdrawal,

DTC participants may electronically transmit a request for withdrawal to DTC. DTC will then edit the request and send a request message (a “Request Message”) to the Tender Agent. If the Notes to be withdrawn have been delivered or otherwise identified to the Tender Agent, a Request Message or a signed notice of withdrawal will be effective immediately upon receipt of such Request Message or written or facsimile notice of withdrawal, even if physical release has not yet then been effected.

WITHDRAWAL OF NOTES MAY ONLY BE ACCOMPLISHED IN ACCORDANCE WITH THE FOREGOING PROCEDURES.

Notes validly withdrawn may thereafter be retendered at any time at or before the Expiration Time by following the procedures described under “—Procedures for Tendering Notes.”

All questions as to the validity, including time of receipt and of notices of withdrawal, will be determined by us, in our sole discretion, and our determination will be final and binding absent a finding to the contrary by a court of competent jurisdiction. None of the Issuer, the Dealer Managers, the Information Agent, the Tender Agent, the Trustee, any of their respective affiliates or any other person will be under any duty to give notification of any defect or irregularity in any notice of withdrawal, or incur any liability for failure to give such notification. We reserve the right to contest the validity of any revocation.

Subject to applicable law, if, for any reason whatsoever, acceptance for purchase of, or payment for, any Notes validly tendered pursuant to the Offer is delayed (whether before or after our acceptance for purchase of the Notes), or we extend the Offer or are unable to accept for purchase or pay for the Notes validly tendered pursuant to the Offer, then, without prejudice to our rights set forth herein, we may instruct the Tender Agent to retain tendered Notes, and those Notes may not be withdrawn, except to the extent that you are entitled to withdrawal rights as described above.

The Notes are debt obligations of the Issuer and are governed by the Indenture. No appraisal or other similar statutory rights are available to Holders in connection with the Offer.

CERTAIN U.S. FEDERAL INCOME TAX CONSIDERATIONS

General

The following is a general discussion of certain U.S. federal income tax considerations relating to Holders (as defined below) of the Notes with respect to the Offer. This discussion is for general information only and does not consider all aspects of U.S. federal income taxation that may be relevant to a particular Holder in light of the Holder's individual circumstances or to certain types of Holders subject to special tax rules, including, without limitation, banks or other financial institutions, broker-dealers, insurance companies, tax-exempt entities, dealers in securities or currencies, regulated investment companies, real estate investment trusts, controlled foreign corporations or passive foreign investment companies, U.S. expatriates, traders in securities who elect to apply a mark-to-market method of accounting, persons that hold Notes as part of a "straddle," a "hedge," a "conversion transaction," or other "integrated transaction," persons that acquired Notes in connection with employment or the performance of services, U.S. Holders (as defined below) whose "functional currency" is not the U.S. dollar, persons subject to special tax accounting rules as a result of any item of gross income with respect to the Notes being taken into account in an applicable financial statement, U.S. Holders who hold the Notes through a non-U.S. broker or other non-U.S. intermediary, and S corporations, partnerships and other pass-through entities (or investors in such entities). In addition, this discussion does not address any state, local or non-U.S. tax considerations with respect to the Offer, alternative minimum taxes, the Medicare tax on certain investment income, or any U.S. federal tax considerations (such as estate or gift taxes) other than U.S. federal income taxation. This summary assumes that U.S. Holders have held their Notes as "capital assets" within the meaning of Section 1221 of the Internal Revenue Code of 1986, as amended (the "Code") (generally, property held for investment).

This summary is based on the Code and applicable Treasury regulations, rulings, administrative pronouncements and judicial decisions in effect as of the date hereof, all of which are subject to change, perhaps with retroactive effect, and all of which are subject to differing interpretation. We have not obtained, and do not intend to obtain, a ruling from the Internal Revenue Service ("IRS") with respect to the U.S. federal income tax considerations described herein and, as a result, there can be no assurance the IRS will not challenge one or more of the tax consequences described herein and that a court would not agree with the IRS. Holders should seek advice based on their particular circumstances from their tax advisors.

For purposes of this discussion, a "U.S. Holder" is a beneficial owner of Notes that for U.S. federal income tax purposes is or is treated as: (i) an individual who is a citizen or resident of the United States; (ii) a corporation created or organized under the laws of the United States, any state thereof or the District of Columbia; (iii) an estate the income of which is subject to U.S. federal income taxation regardless of its source; or (iv) a trust that is subject to the primary supervision of a U.S. court and with respect to which one or more U.S. persons have the authority to control all substantial decisions, or that has a valid election in effect under the applicable Treasury regulations to be treated as a U.S. person under the Code.

For purposes of this discussion, a "Non-U.S. Holder" is a beneficial owner of Notes that for U.S. federal income tax purposes is or is treated as an individual, a corporation or an estate or a trust that, in each case, is not a U.S. Holder.

For purposes of this discussion, a “Holder” is a U.S. Holder or a Non-U.S. Holder.

If any entity or arrangement treated as a partnership for U.S. federal income tax purposes holds a Note, the U.S. federal income tax treatment of a partner in the partnership generally will depend upon the status of the partner and the activities of the partnership. Any partners of a partnership holding the Notes should consult their tax advisors regarding the consequences of the Offer.

Considerations for Tendering U.S. Holders

Sale of Notes Pursuant to the Offer. The receipt of cash by a U.S. Holder in exchange for a Note pursuant to the Offer will be a taxable transaction for U.S. federal income tax purposes. A U.S. Holder tendering a Note generally will recognize gain or loss in an amount equal to the difference, if any, between (i) the amount of cash received in exchange for such Note (other than any Accrued Interest, which will be taxable as described below) and (ii) the U.S. Holder’s “adjusted tax basis” in the Note at the time of sale. Generally, a U.S. Holder’s adjusted tax basis in a Note will equal the cost of the Note, increased by any market discount (discussed below) previously included in the U.S. Holder’s income with respect to the Note (pursuant to an election to include market discount in income currently as it accrues), and reduced (but not below zero) by any amortizable bond premium that an electing U.S. Holder has previously amortized with respect to the Note. Amortizable bond premium is generally defined as the excess of a U.S. Holder’s tax basis in the Note immediately after its acquisition by such U.S. Holder over the stated principal amount of the Note. Subject to the market discount rules discussed below, any gain or loss recognized by a U.S. Holder tendering a Note generally will be capital gain or loss, and will be long-term capital gain or loss if the U.S. Holder’s holding period for the Note is more than one year at the time of the sale. Non-corporate U.S. Holders generally are subject to reduced rates of U.S. federal income taxation on net long-term capital gains. The deductibility of capital losses is subject to certain limitations.

Accrued Interest. Any amounts received pursuant to the Offer that are attributable to Accrued Interest on a Note will be taxable to a U.S. Holder as ordinary income when accrued or received (to the extent not previously taken into account) in accordance with the U.S. Holder’s regular method of accounting for U.S. federal income tax purposes.

Market Discount. An exception to the capital gain treatment described above may apply to a U.S. Holder that purchased a Note at a “market discount.” Subject to a statutorily-defined de minimis exception, a Note has a market discount if the U.S. Holder’s initial tax basis in the Note was less than the Note’s stated principal amount. In general, any gain recognized by a U.S. Holder on the sale of a Note having market discount in excess of the de minimis amount will be subject to tax as ordinary income rather than capital gain to the extent of the market discount accrued during the period the Note was held by such U.S. Holder, unless the U.S. Holder previously elected to include market discount in income as it accrued for U.S. federal income tax purposes. Market discount will be treated as having accrued on a ratable basis unless the U.S. Holder elected to accrue market discount using a constant-yield method. Gain in excess of such accrued market discount will generally be capital gain, as discussed above. U.S. Holders that acquired Notes with market discount should consult their tax advisors as to the portion of any gain that could be taxable as ordinary income under the market discount rules.

Considerations for Tendering Non-U.S. Holders

Sale of Notes Pursuant to the Offer. Subject to the discussions below of amounts attributable to “—Accrued Interest,” “—Information Reporting and Backup Withholding,” and “—FATCA,” a Non-U.S. Holder generally will not be subject to U.S. federal income or withholding tax on any gain recognized on a sale of the Notes pursuant to the Offer unless:

- the gain is effectively connected with the Non-U.S. Holder’s conduct of a trade or business within the United States; or
- the Non-U.S. Holder is an individual who is present in the United States for 183 days or more in the taxable year of the sale, and certain other conditions are met.

A Non-U.S. Holder described in the first bullet point above generally will be required to pay U.S. federal income tax on the net gain recognized on the sale in the same manner as if such Non-U.S. Holder were a U.S. Holder, unless an applicable income tax treaty provides otherwise, and if such Holder is a corporation, it may also be required to pay a branch profits tax at a 30% rate (or a lower rate if so specified by an applicable income tax treaty) on its effectively connected earnings and profits, as adjusted for certain items. A Non-U.S. Holder described in the second bullet point above will be subject to U.S. federal income tax at a 30% rate (or a lower rate if so specified by an applicable income tax treaty) on the gain recognized on the sale, which may be offset by certain U.S. source capital losses.

Accrued Interest. Subject to the discussion below under “—Information Reporting and Backup Withholding” and “—FATCA” below, any amount received by a Non-U.S. Holder pursuant to the Offer that is attributable to Accrued Interest that is not effectively connected with the Non-U.S. Holder’s conduct of a trade or business within the United States generally will not be subject to U.S. federal income or withholding tax, provided that:

- the Non-U.S. Holder does not actually or constructively own stock possessing 10% or more of the total combined voting power of all classes of stock of KII entitled to vote;
- the Non-U.S. Holder is not a controlled foreign corporation actually or constructively related to us (within the meaning of the Code); and
- either (1) the Non-U.S. Holder certifies in a statement provided to the applicable withholding agent that it is not a “United States person” as defined in the Code and provides its name and address; (2) a securities clearing organization, bank or other financial institution that holds customers’ securities in the ordinary course of its trade or business and holds the Note on behalf of the Non-U.S. Holder certifies to the applicable withholding agent that it, or the financial institution between it and the Non-U.S. Holder, has received from the Non-U.S. Holder a statement that such Non-U.S. Holder is not a United States person and provides a copy of such statement to the applicable withholding agent; or (3) the Non-U.S. Holder holds its Note directly through a “qualified intermediary” (within the meaning of applicable Treasury regulations) and certain conditions are satisfied.

Subject to the discussion below regarding Accrued Interest that is effectively connected income, if a Non-U.S. Holder does not satisfy the requirements above, the amount attributable to Accrued Interest paid to such Non-U.S. Holder generally will be subject to a 30% U.S. federal withholding tax unless such Non-U.S. Holder is entitled to a reduction in or an exemption from withholding on such interest as a result of an applicable income tax treaty. To claim such entitlement, the Non-U.S. Holder must provide the applicable withholding agent with a properly executed IRS Form W-8BEN or IRS Form W-8BEN-E (or other applicable documentation) claiming a reduction in or exemption from withholding tax under the benefit of an income tax treaty between the United States and the country in which the Non-U.S. Holder resides or is established.

Unless an applicable income tax treaty provides otherwise, if Accrued Interest paid to a Non-U.S. Holder is effectively connected with the Non-U.S. Holder's conduct of a trade or business within the United States, then the Non-U.S. Holder will be exempt from the U.S. federal withholding tax described above. To claim the exemption, the Non-U.S. Holder generally must furnish to the applicable withholding agent a valid IRS Form W-8ECI, certifying that interest paid on a Note is not subject to withholding tax because it is effectively connected with the conduct by the Non-U.S. Holder of a trade or business within the United States.

Any such effectively connected interest generally will be subject to U.S. federal income tax at the regular graduated U.S. federal income tax rates in the same manner as if such Non-U.S. Holder were a U.S. Holder, unless an applicable income tax treaty provides otherwise. In addition, a Non-U.S. Holder that is a corporation may be subject to an additional branch profits tax at a rate of 30% (or such lower rate specified by an applicable income tax treaty) on its effectively connected earnings and profits, as adjusted for certain items.

Non-U.S. Holders that do not timely provide the applicable withholding agent with the required certification, but that qualify for a reduced rate under an applicable income tax treaty, may obtain a refund of any excess amounts withheld by timely filing an appropriate claim for refund with the IRS. Non-U.S. Holders should consult their tax advisors regarding their entitlement to benefits under any applicable income tax treaty.

Information Reporting and Backup Withholding

A U.S. Holder whose Notes are tendered and accepted for payment pursuant to the Offer may be subject to certain information reporting requirements (unless the U.S. Holder is an exempt recipient) with respect to any amounts received pursuant to the Offer (including Accrued Interest). In addition, a U.S. Holder may be subject to backup withholding with respect to the receipt of cash in exchange for a Note unless the U.S. Holder (i) establishes that it is a corporation or other exempt recipient or (ii) provides the applicable withholding agent with an IRS Form W-9 that includes such U.S. Holder's correct taxpayer identification number ("TIN") and certifies that the U.S. Holder is a U.S. person, the TIN is correct (or that the U.S. Holder is awaiting a TIN) and the U.S. Holder is not currently subject to backup withholding. If applicable, backup withholding will be imposed currently at a rate of 24%. U.S. Holders should consult their tax advisors as to their qualification for exemption from backup withholding and the procedure for obtaining such exemption.

In general, information reporting and backup withholding will not apply to the sale of Notes

by a Non-U.S. Holder pursuant to the Offer, provided that the Non-U.S. Holder has provided the applicable withholding agent with the required documentation establishing that it is not a U.S. person (for example, IRS Form W-8BEN or IRS Form W-8BEN-E). However, information returns are required to be filed with the IRS in connection with any Accrued Interest paid to the Non-U.S. Holder pursuant to the Offer, regardless of whether any tax was actually withheld. Copies of information returns that are filed with the IRS may also be made available under the provisions of an applicable treaty or agreement to the tax authorities of the country in which the Non-U.S. Holder resides or is established.

Backup withholding is not an additional tax. Any amount paid as backup withholding would be creditable against the Holder's U.S. federal income tax liability and may entitle the Holder to a refund, provided that the requisite information is timely provided to the IRS.

FATCA

Subject to certain limitations, under Sections 1471 through 1474 of the Code and the Treasury regulations and administrative guidance issued thereunder (such sections commonly referred to as "FATCA"), there is a U.S. federal withholding tax of 30% on certain U.S.-source payments received by a foreign financial institution (whether such foreign financial institution is the beneficial owner or an intermediary), unless such institution (i) enters into, and complies with, an agreement with the IRS to collect and report, on an annual basis, substantial information with respect to interests in, and accounts maintained by, the institution that are owned by certain United States account holders of such institution (which would include certain equity and debt holders of such institution, as well as certain non-U.S. entities that are wholly or partially owned by U.S. Persons) and to withhold on certain payments, or (ii) if required under an intergovernmental agreement between the United States and the jurisdiction in which such foreign financial institution is a resident, reports certain specified information to its local tax authority, which will exchange such information with the U.S. authorities. Similarly, U.S.-source payments received by a foreign entity that is not a financial institution (whether such foreign entity is the beneficial owner or an intermediary) and that does not qualify under certain exemptions will generally be subject to withholding at a tax rate of 30% unless such entity (i) certifies that such entity does not have any "substantial United States owners" (as defined in the Code) or (ii) provides the applicable withholding agent with a certification identifying the substantial United States owners of the entity (which generally includes any U.S. Person who directly or indirectly owns more than 10% of the entity) and such withholding agent will generally be required to provide such information to the IRS. Additionally, in order to be treated as FATCA compliant, a Holder must provide certain documentation (usually an IRS Form W-8BEN or W-8BEN-E) containing information about its identity, its FATCA status and, if required, its direct and indirect U.S. owners. The IRS has issued proposed Treasury regulations that permit any applicable withholding agent not to withhold on payments of gross proceeds under FATCA (though withholding on payments of interest is still required). Pursuant to the preamble to these proposed Treasury regulations, any applicable withholding agent may (but is not required to) rely on this proposed change to FATCA withholding until final regulations are issued or until such proposed Treasury regulations are rescinded. An intergovernmental agreement between the United States and an applicable foreign country, or future Treasury regulations or other guidance, may modify these requirements.

We will not pay any additional amounts to Holders in respect of any amounts withheld,

including amounts withheld pursuant to FATCA. Under certain circumstances, a Holder might be eligible for refunds or credits of such taxes. The rules under FATCA are complex and subject to change. Holders should consult with their own tax advisors regarding the implications of FATCA on their investment in the Notes.

exp	=	Exponentiate. The term to the left of “exp” is raised to the power indicated by the term to the right of “exp.”
$\sum_{k=1}^N$	=	Summate. The term in the brackets to the right of the summation symbol is separately calculated “N” times (substituting for “k” in that term each whole number between 1 and N, inclusive), and the separate calculations are then added together.

Tender Offer Consideration	=	The price per \$1,000 principal amount of a Note (excluding Accrued Interest). A tendering Holder will receive a total amount per \$1,000 principal amount (rounded to the nearest cent) equal to the Tender Offer Consideration plus Accrued Interest.
