IMPORTANT INFORMATION

A beneficial owner of Notes that are held of record by a broker, dealer, custodian bank, depository, trust company or other nominee must instruct such nominee to tender the Notes on the beneficial owner's behalf. See "Terms of the Offer—Procedure for Tendering Notes."

DTC has authorized DTC participants that hold Notes on behalf of beneficial owners of Notes through DTC to tender their Notes as if they were Holders. To effect a tender, DTC participants may, in lieu of physically completing and signing the Letter of Transmittal, transmit their acceptance to DTC through DTC's Automated Tender Offer Program ("ATOP"). To effect such a tender, participants should transmit their acceptance through ATOP and follow the procedure for book-entry transfer set forth under "Terms of the Offer—Procedure for Tendering Notes." Neither Holders nor beneficial owners of tendered Notes will be obligated to pay brokerage fees or commissions to the Dealer Managers, the Tender Agent, the Information Agent or the Company. If you desire to tender your Notes and (1) your Notes certificates are not immediately available or cannot be delivered to the Tender Agent, (2) you cannot comply with the procedure for book-entry transfer or (3) you cannot deliver the other required documents to the Tender Agent by the expiration of the Offer, you must tender your Notes according to the guaranteed delivery procedure described below.

CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING STATEMENTS

Throughout this Offer to Purchase, including the information incorporated by reference herein, the Company makes statements that may be deemed "forward-looking" statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Exchange Act. All statements, other than statements of historical facts, that address activities, events, outcomes and other matters that the Company plans, expects, intends, assumes, believes, budgets, predicts, forecasts, projects, estimates or anticipates (and other similar expressions) will, should or may occur in the future are forward-looking statements. These forward-looking statements are based on management's current belief, based on currently available information, as to the outcome and timing of future events. When considering forward-looking statements, you should keep in mind the risk factors and other cautionary statements in this Offer to Purchase and the documents incorporated by reference herein. Forward-looking statements include statements with respect to, among other things:

- fluctuations in the price the Company receives for its oil, gas and natural gas liquids ("NGL") production;
- timing and amount of future production of oil, gas and NGLs;
- reductions in the quantity of oil, gas and NGLs sold due to decreased industrywide demand and/or curtailments in production from specific properties or areas due to mechanical, transportation, marketing, weather or other problems;
- estimates of proved reserves, exploitation potential or exploration prospect size;
- cash flow and anticipated liquidity;
- amount, nature and timing of capital expenditures;
- access to capital markets;
- administrative, legislative, and regulatory changes;
- operating costs and other expenses;
- operating and capital expenditures that are either significantly higher or lower than anticipated because the actual cost of identified projects varied from original estimates and/or from the number of exploration and development opportunities being greater or fewer than currently anticipated;
- exploration and development opportunities that the Company pursues may not result in economic, productive oil and gas properties;
- drilling of wells;
- increased financing costs due to a significant increase in interest rates; and
- de-risking of acreage.

The Company cautions you that these forward-looking statements are subject to all of the risks and uncertainties, many of which are beyond the Company's control, incident to the exploration for and development, production and sale of oil, gas and NGLs. These risks include, but are not limited to, commodity price volatility, inflation, lack of availability of goods and services, environmental risks, drilling and other operating risks, regulatory changes, the uncertainty inherent in estimating proved oil, natural gas and NGL reserves and in projecting future rates of production and timing of development expenditures and other risks described herein.

Reserve engineering is a subjective process of estimating underground accumulations of oil, natural gas and NGLs that cannot be measured in an exact way. The accuracy of any reserve estimate depends on the quality of available data and the interpretation of such data by the Company's engineers. As a result, estimates made by different engineers often vary from one another. In addition, the results of drilling, testing and production activities may justify revisions of estimates that were made previously. If significant, such revisions could change the timing of future production and development drilling. Accordingly, reserve estimates are generally different from the quantities of oil, natural gas and NGLs that are ultimately recovered.

Should one or more of the risks or uncertainties described above or elsewhere in this Offer to Purchase, including the information incorporated by reference herein, cause the Company's underlying assumptions to be incorrect, the Company's actual results and plans could differ materially from those expressed in any forward-looking statements.

All forward-looking statements, express or implied, included in this Offer to Purchase, including the information incorporated by reference herein, and attributable to the Company are qualified in their entirety by this cautionary statement. This cautionary statement should also be considered in connection with any subsequent written or oral forward-looking statements that the Company or persons acting on its behalf may issue. The Company does not undertake any obligation to update any forward-looking statements to reflect events or circumstances after the date of this Offer to Purchase, except as required by law.

THE COMPANY

The Company is an independent oil and gas exploration and production company. The Company's operations are entirely located in the United States, mainly in Oklahoma, Texas, and New Mexico. The Company's operations are organized into two main core areas. The Company's Permian Basin assets are principally located in southeast New Mexico and west Texas. The Company's Mid-Continent assets are principally located in Oklahoma and the Texas Panhandle. The Company's corporate headquarters are in Denver, Colorado. The Company's main operating offices are in Tulsa, Oklahoma and Midland, Texas.

CERTAIN SIGNIFICANT CONSEQUENCES

In deciding whether to participate in the Offer, each Holder should consider carefully, in addition to the other information contained or incorporated by reference in this Offer to Purchase, the following:

Limited Trading Market

To the extent that only a portion of the Notes are tendered and accepted in the Offer, the trading market for Notes that remain outstanding will become more limited. A bid for a debt security with a smaller outstanding principal amount available for trading (a smaller "float") may be lower than a bid for a comparable debt security with greater float. Therefore, the market price of any untendered or otherwise unpurchased Notes may be affected adversely to the extent that the Notes tendered and purchased pursuant to the Offer reduce the float. The reduced float may also tend to make the trading price more volatile. Holders of untendered or unpurchased Notes may attempt to obtain quotations for such Notes from their brokers; however, there can be no assurance that an active trading market will exist for the Notes following the Offer. The extent of the public market for the Notes following consummation of the Offer would depend upon the number of Holders holding Notes remaining at such time, and the interest in maintaining a market in the Notes on the part of securities firms and other factors.

Subsequent Repurchases of Notes; Redemption

The Company reserves the absolute right, in its sole discretion, from time to time to purchase any Notes that remain outstanding after the Expiration Time through open-market purchases, privately negotiated transactions, tender offers, exchange offers, redemptions or otherwise, upon such terms and at such prices as it may determine (or as may be provided by the terms of the Indenture governing the Notes), which may be more or less than the price paid pursuant to the Offer and could be for cash or other consideration. **Pursuant to its optional redemption right under the terms of the Indenture, the Company expects to redeem on a redemption date on or about the date 30 days after the Settlement Date any and all Notes not purchased by the Company in this Offer. The redemption price in such a redemption would be 102.938% of the principal amount, plus accrued and unpaid interest. However, there can be no assurance that any Notes will be redeemed. Neither this Offer to Purchase nor the Offer constitutes a notice of redemption under the optional redemption provisions of the Indenture governing the Notes.**

The decision to redeem any Notes that remain outstanding after the Offer, and the selection of any particular redemption date, is in the Company's sole discretion.

PURPOSE OF THE OFFER

The purpose of the Offer is to refinance the Notes with the net proceeds from the Proposed Financing, together with cash on hand. Any Notes that are tendered and accepted in the Offer will be retired and canceled.

SOURCE OF FUNDS

The Company expects to use the net cash proceeds from the Proposed Financing, together with cash on hand, to provide the total amount of funds required by the Company to purchase the Notes validly tendered and accepted pursuant to the Offer and to pay all related fees and expenses in connection with the Offer. The Company expects to consummate the Proposed Financing on or prior to the Settlement Date.

TERMS OF THE OFFER

General

Upon the terms and subject to the conditions set forth in this Offer to Purchase, the Letter of Transmittal and the Notice of Guaranteed Delivery and any supplements or amendments hereto or thereto, the Company hereby offers to purchase for cash any and all of its outstanding Notes for the Notes Consideration payable on the Settlement Date.

Subject to the terms and conditions of the Offer or the waiver thereof by the Company in its sole discretion, Holders that validly tender and do not validly withdraw their Notes and validly deliver their Notes at or before the Expiration Time will be eligible to receive the Notes Consideration, together with an amount equal to Accrued Interest thereon.

Only Notes that are validly tendered in accordance with the procedures set forth herein before the Expiration Time will, upon the terms and subject to the conditions hereof, be eligible for acceptance by the Company. If so accepted, payment will be made therefor on the Settlement Date or in the case of accepted Notes delivered pursuant to the guaranteed delivery program, payment will made on the Guaranteed Delivery Settlement Date. No such payments will be made with respect to the Notes if the Offer is terminated. All conditions to the Offer, if any Notes are to be accepted for purchase promptly after the Expiration Time, will be either satisfied or waived by the Company prior to or concurrently with the expiration of the Offer at the Expiration Time.

In the event of any dispute or controversy regarding the Notes Consideration or the amount of Accrued Interest for Notes tendered pursuant to the Offer, the Company's determination shall be conclusive and binding, absent manifest error.

In the event of a termination of the Offer with respect to the Notes, all Notes tendered pursuant to the Offer will be promptly returned to the tendering Holders. **The Company expects** to exercise its right to redeem any Notes not purchased in this Offer and that remain outstanding pursuant to the Indenture governing the Notes. In the event that the Company

does not exercise its right to redeem the Notes, it may otherwise acquire any Notes which remain outstanding after the Expiration Time, through open market or privately negotiated transactions, one or more additional tender offers, or otherwise, upon such terms and at such prices as they may determine, which may be more or less than the prices to be paid pursuant to the Offer or in a redemption.

The Company's obligation to accept and pay for Notes validly tendered pursuant to the Offer is conditioned upon satisfaction or waiver of certain conditions as set forth under "Terms of the Offer—Conditions to the Offer." **Subject to applicable securities laws and the terms set forth in the Offer, the Company reserves the right, with respect to the Notes, (i) to waive or modify in whole or in part any and all conditions to the Offer, (ii) to extend the Expiration Time, (iii) to modify or terminate the Offer, (iv) to decrease the principal amount of Notes subject to the Offer, or (v) to otherwise amend the Offer in any respect.** The rights reserved by the Company in this paragraph are in addition to the Company's rights to terminate the Offer described in "Terms of the Offer—Conditions to the Offer."

Any amendment to the Offer with respect to the Notes will apply to all Notes tendered in the Offer. Any extension or amendment of the Expiration Time with respect to the Notes will be followed as promptly as practicable by public announcement thereof, the announcement in the case of an extension of the Expiration Time to be issued no later than 9:00 a.m., New York City time, on the next New York City business day after the previously scheduled Expiration Time. Without limiting the manner in which any public announcement may be made, the Company shall have no obligation to publish, advertise or otherwise communicate any such public announcement other than by issuing a press release to *PRNewswire*.

If the consideration to be paid in the Offer with respect to the Notes is increased or the principal amount of Notes subject to the Offer is decreased, the Offer will remain open at least five business days from the date the Company first gives notice to Holders, by public announcement or otherwise prior to 10:00 a.m. New York City time on such day, of such increase or decrease. If the Company makes any other material change to the terms of the Offer, the Company will extend the Offer for at least three business days, if the Offer would otherwise expire during such period. The Company will announce any such change in a press release issued at least three business days, or in the case of a change in the Notes Consideration, at least five business days, prior to the expiration of the Offer and prior to 10:00 a.m., New York City time, on the first day of such five- or three-business day period, as applicable. The Company will also describe any change in the consideration to be paid in the Offer with respect to the Notes in a Current Report on Form 8-K filed with the Commission prior to 12:00 noon, New York City time, on the first day of such five-business day period. During any extension of the Offer, all Notes previously tendered will remain subject to the Offer unless validly withdrawn at or prior to the Expiration Time. Any Notes that are tendered may be withdrawn at any time at or prior to the Expiration Time. See "Terms of the Offer—Withdrawal of Tenders."

No Recommendation

None of the Company, its board of directors, the Trustee, the Information Agent, the Tender Agent, the Dealer Managers or any of their respective affiliates makes any recommendation as to whether Holders should tender, or refrain from tendering as to all or any

portion of the principal amount of their Notes pursuant to the Offer. Holders must make their own decisions with regard to tendering Notes and no one has been authorized by any of them to make such a recommendation. Holders must make their own decisions as to whether to tender Notes, and, if so, the principal amount of Notes to tender.

Settlement of Notes

Subject to the terms and conditions set forth herein, the Company expects to accept for purchase on the Acceptance Date all of the Notes that are validly tendered prior to the Expiration Time. With respect to Notes accepted for purchase on the Acceptance Date and delivered on or prior to the Expiration Time, the Holders thereof will receive payment of the Notes Consideration for such accepted Notes on the Settlement Date, which date will be the date on or promptly after the Acceptance Date on which the Company deposits with DTC the aggregate Notes Consideration for such Notes, together with an amount equal to Accrued Interest thereon. With respect to accepted Notes delivered pursuant to the guaranteed delivery procedures described below, the Holders thereof will receive payment of the Notes Consideration for such Notes one business day after the Notice of Guaranteed Delivery Date, together with an amount equal to the Accrued Interest to but not including the Settlement Date, such date being referred to as the "Guaranteed Delivery Settlement Date." For the avoidance of doubt, Accrued Interest will cease to accrue on the Settlement Date for all Notes accepted in the Offer.

Notes may be tendered and accepted for payment only in principal amounts equal to minimum denominations of \$2,000 and integral multiples of \$1,000 in excess thereof. No alternative, conditional or contingent tenders will be accepted. Holders who tender less than all of their Notes must continue to hold Notes in the minimum authorized denomination of \$2,000 principal amount.

Conditions to the Offer

Notwithstanding any other provision of the Offer and in addition to (and not in limitation of) the Company's rights to terminate, to extend and/or amend any or all of the Offer with respect to the Notes, in its sole discretion, the Company shall not be required to accept for payment, purchase or pay for, and may delay the acceptance for payment of, any Notes validly tendered (and not validly withdrawn), in each event subject to Rule 14e-l(c) under the Exchange Act, and may terminate any or all of the Offer, if any of the following has occurred:

- the Financing Condition has not been satisfied;
- there shall have been instituted, threatened or be pending any action, proceeding or investigation (whether formal or informal) (or there shall have been any material adverse development to any action or proceeding currently instituted, threatened or pending) before or by any court, governmental, regulatory or administrative agency or instrumentality, or by any other person, in connection with the Offer that, in the sole judgment of the Company, either (a) is, or is reasonably likely to be, materially adverse to the business, operations, properties, condition (financial or otherwise), assets, liabilities or prospects of the Company and its subsidiaries, (b) would or might prohibit, prevent, restrict or delay

consummation of the Offer, or (c) would materially impair the contemplated benefits of the Offer to the Company or be material to Holders in deciding whether to accept the Offer;

- an order, statute, rule, regulation, executive order, stay, decree, judgment or injunction shall have been proposed, enacted, entered, issued, promulgated, enforced or deemed applicable by any court or governmental, regulatory or administrative agency or instrumentality that, in the sole judgment of the Company, either (a) would or might prohibit, prevent, restrict or delay consummation of the Offer or (b) is, or is reasonably likely to be, materially adverse to the business, operations, properties, condition (financial or otherwise), assets, liabilities or prospects of the Company;
- there shall have occurred or be likely to occur any event affecting the business or financial affairs of the Company and its subsidiaries that, in the sole judgment of the Company, would or might result in any of the consequences referred to in the second bullet above;
- the Trustee shall have objected in any respect to or taken action that could, in the sole judgment of the Company, adversely affect the consummation of the Offer or shall have taken any action that challenges the validity or effectiveness of the procedures used by the Company in the making of the Offer or the acceptance of, or payment for, the Notes; or
- there has occurred (a) any general suspension of, or limitation on prices for, trading in securities in the United States securities or financial markets, (b) any significant adverse change in the price of the Notes in the United States or other major securities or financial markets, (c) a material impairment in the trading market for debt securities, (d) a declaration of a banking moratorium or any suspension of payments in respect to banks in the United States or other major financial markets, (e) any limitation (whether or not mandatory) by any government or governmental, administrative or regulatory authority or agency, domestic or foreign, or other event that, in the reasonable judgment of the Company, might affect the extension of credit by banks or other lending institutions, (f) a commencement of a war, armed hostilities, terrorist acts or other national or international calamity directly or indirectly involving the United States, (g) in the case of any of the foregoing existing on the date hereof, a material acceleration or worsening thereof, or (h) any event that has resulted, or may in the sole judgment of the Company result, in a material adverse change in the business, operations, properties, condition (financial or otherwise), assets, liabilities or prospects of the Company.

The foregoing conditions are for the sole benefit of the Company and may be asserted by the Company regardless of the circumstances giving rise to any such condition (including any action or inaction by the Company) and may be waived by the Company with respect to the Notes, in whole or in part, at any time and from time to time, in the sole discretion of the Company. All conditions to the Offer will, if any Notes are to be accepted for purchase promptly

after the Expiration Time, be either satisfied or waived by the Company concurrently with or before such time. If any of the conditions are not satisfied at the Expiration Time, the Company may, in its sole discretion and without giving any notice, terminate the Offer, or extend the Offer, and continue to accept tenders. The failure by the Company at any time to exercise any of the foregoing rights will not be deemed a waiver of any other right and each right will be deemed an ongoing right that may be asserted at any time and from time to time.

Acceptance for Payment and Payment for Notes

On the terms of the Offer and upon satisfaction or waiver of the conditions of the Offer specified herein under "Terms of the Offer—Conditions to the Offer," the Company will (a) accept for purchase Notes validly tendered (or defectively tendered, if in its sole discretion the Company waives such defect) and not validly withdrawn, (b) promptly deposit with DTC, on the Settlement Date, the Notes Consideration, as the case may be, plus an amount equal to Accrued Interest thereon, for Notes that are validly tendered in the Offer and accepted for purchase and (c) promptly pay on the Guaranteed Delivery Settlement Date, the Notes Consideration for such accepted Notes delivered pursuant to the guaranteed delivery procedures set forth below, plus an amount equal to the Accrued Interest to but not including the Settlement Date.

The Company reserves the right, subject to applicable laws, to (a) accept for purchase and pay for all of the Notes validly tendered at or prior to the Expiration Time with respect to the Offer and to keep the Offer open or extend the Expiration Time to a later date and time and (b) waive all conditions to the Offer for Notes tendered at or prior to the Expiration Time. Notes will be accepted for purchase in base denominations of \$2,000 and in integral multiples of \$1,000 in excess thereof.

For purposes of the Offer, tendered Notes will be deemed to have been accepted for purchase, if, as and when the Company gives oral or written notice thereof to the Tender Agent. Payment for Notes accepted for purchase shall be made on the Settlement Date by the deposit of the aggregate Notes Consideration plus an amount equal to Accrued Interest thereon, in immediately available funds with DTC. Under no circumstances will additional interest on the Notes Consideration be paid by the Company after the Settlement Date by reason of any delay on the part of the guaranteed delivery procedures, the Tender Agent or DTC in making payment to Holders.

The Company expressly reserves the right, in its sole discretion and subject to Rule 14e-1(c) under the Exchange Act, to delay acceptance for purchase of or payment for Notes in order to comply, in whole or in part, with any applicable law. See "Terms of the Offer—Conditions to the Offer." In all cases, payment by the Tender Agent or DTC to Holders or beneficial owners of the Notes Consideration for Notes purchased pursuant to the Offer will be made only after receipt by the Tender Agent of (i) a certificate representing the Notes or a timely confirmation of a book-entry transfer of such Notes into the Tender Agent's account at DTC pursuant to the procedures set forth under "Terms of the Offer—Procedure for Tendering Notes" (a "Book-Entry Confirmation"), as the case may be, and (ii) a properly completed and duly executed Letter of Transmittal (or manually signed facsimile thereof), with any required signature guarantees and

any other documents required by the Letter of Transmittal, or a properly transmitted Agent's Message (as defined below) through ATOP, as applicable.

Tendering Holders will not be obligated to pay brokerage fees or commissions to the Dealer Managers, the Information Agent, the Tender Agent or the Company. The Company will pay or cause to be paid all transfer taxes with respect to the purchase of any Notes unless the box titled "Special Payment Instructions" or the box titled "Special Delivery Instructions" on the Letter of Transmittal has been completed, as described in the instructions thereto. If payment is to be made to, or if Notes not tendered or purchased are to be registered in the name of or delivered to, any persons other than the registered owners, or if tendered Notes are registered in the name of any persons other than the persons signing the Letter of Transmittal, the amount of any transfer taxes (whether imposed on the registered Holder or such other person) payable on account of the transfer to such other person will be deducted from the payment unless satisfactory evidence of the payment of such taxes or exemption therefrom is submitted.

The Company reserves the right to transfer or assign, in whole at any time or in part from time to time, to one or more affiliates, the right to purchase Notes tendered delivered pursuant to the Offer, but any such transfer or assignment will not relieve the Company of its obligations under the Offer or prejudice the rights of tendering Holders to receive payment of the Notes Consideration, for Notes validly tendered pursuant to the Offer and accepted for purchase by the Company.

Procedure for Tendering Notes

The tender of Notes that are not validly withdrawn pursuant to this Offer and in accordance with the procedures described below will constitute a valid tender of Notes. Holders will not be eligible to receive the Notes Consideration unless they validly tender their Notes (and not validly withdraw their Notes) pursuant to this Offer at or prior to the Expiration Time. All Holders whose Notes are purchased pursuant to the Offer will also receive a cash amount equal to Accrued Interest thereon.

The method of delivery of Notes, the Letter of Transmittal and the guaranteed delivery procedures, any required signature guarantees and all other required documents, including delivery through DTC and any acceptance of an Agent's Message transmitted through ATOP, is at the election and risk of the Holder tendering Notes and delivering the Letter of Transmittal, the Notice of Guaranteed Delivery or transmitting an Agent's Message and, except as otherwise provided in the Letter of Transmittal or the Notice of Guaranteed Delivery, delivery will be deemed made only when actually received by the Tender Agent. If delivery is by mail, it is suggested that the Holder use properly insured, registered mail with return receipt requested, and that the mailing be made sufficiently in advance of the Expiration Time to permit delivery to the Tender Agent at or prior to such date. Manually signed facsimile copies of the Letter of Transmittal or the Notice of Guaranteed Delivery, properly completed and duly executed, will be accepted. In no event shall the Holder send any Notes to the Dealer Managers, the Information Agent or the Company.

Tender of Notes Held Through DTC. For a tender of Notes held of record by DTC to be valid and for a Holder to be eligible to receive payment for Notes that are tendered, the Notes

must be delivered to the Tender Agent pursuant to the book-entry delivery procedures described below; and either

- the Tender Agent must receive from the DTC participant in whose account the Notes are held at DTC, at the address of the Tender Agent set forth on the back cover of this Offer to Purchase, a properly completed and duly executed Letter of Transmittal (or a manually signed facsimile thereof); or
- an acceptance of the Offer must be transmitted to the Tender Agent in accordance with DTC's ATOP procedures,

in each case at or prior to the Expiration Time or in accordance with the guaranteed delivery procedures described below.

A beneficial owner of Notes held through a custodian or nominee that is a direct or indirect DTC participant, such as bank, broker, trust company or other financial intermediary, must instruct the custodian or nominee to tender the beneficial owner's Note on behalf of the beneficial owner.

The Tender Agent and DTC have confirmed that the Offer is eligible for ATOP. Accordingly, DTC participants may electronically transmit their acceptance of the Offer by causing DTC to transfer Notes to the Tender Agent in accordance with DTC's ATOP procedures for transfer. DTC will then send an Agent's Message to the Tender Agent. Holders using ATOP must allow sufficient time for completion of the ATOP procedures during normal business hours of DTC at or prior to the Expiration Time. If the ATOP procedures are used, the DTC participant in whose account the Notes are held at DTC need not complete and physically deliver the Letter of Transmittal to the Tender Agent. Holders whose Notes are held through Clearstream or Euroclear must transmit their acceptance in accordance with the requirements of Clearstream and Euroclear in sufficient time for such tenders to be timely made prior to the Expiration Time. Holders should note that such clearing systems may require that action be taken a day or more prior to the Expiration Time.

The term "Agent's Message" means a message transmitted by DTC, received by the Tender Agent and forming part of the Book-Entry Confirmation, which states that DTC has received an express acknowledgment from the DTC participant tendering Notes that are the subject of such Book-Entry Confirmation that such DTC participant has received and agrees to be bound by the terms of the Offer as set forth in this Offer to Purchase and the Letter of Transmittal and that the Company may enforce such agreement against such DTC participant.

Tender of Notes Held in Physical Form. For a Holder to validly tender Notes held in physical form pursuant to the Offer, a properly completed and validly executed Letter of Transmittal (or a manually signed facsimile thereof), together with any signature guarantees and any other documents required by the instructions to the Letter of Transmittal, must be received by the Tender Agent at its address set forth on the back cover of this Offer to Purchase and either certificates for tendered Notes must be received by the Tender Agent at such address or such Notes must be transferred pursuant to the procedures for book-entry transfer described above and

a Book-Entry Confirmation must be received by the Tender Agent, in either case, prior to the Expiration Time.

Guaranteed Delivery. If a Holder desires to tender Notes into the Offer and the Holder's Notes are not immediately available or the Holder cannot deliver the Notes to the Tender Agent before the Expiration Time, or the Holder cannot complete the procedure for book-entry transfer on a timely basis, or if time will not permit all required documents to reach the Tender Agent before the Expiration Time, the Holder may nevertheless tender the Notes, provided that the Holder satisfies all of the following conditions:

- the Holder makes the tender by or through an eligible guarantor institution;
- the amount tendered is in minimum denominations of principal, or face, amount of \$2,000 and integral multiples of \$1,000 in excess thereof, subject to the requirement that Holders who tender less than all of their Notes must continue to hold Notes in the minimum authorized denomination of \$2,000 principal amount;
- the Tender Agent receives by mail, overnight courier or facsimile transmission, before the Expiration Time, a properly completed and duly executed Notice of Guaranteed Delivery; and
- the Tender Agent receives the certificates representing the Notes tendered, in proper form for transfer, or a timely Book-Entry Confirmation, as the case may be, in each case together with a properly completed and duly executed Letter of Transmittal (or a manually signed facsimile thereof), with any required signature guarantees and any other documents required by the Letter of Transmittal, or a properly transmitted Agent's Message, as applicable, by the Notice of Guaranteed Delivery Date.

Guaranteed deliveries will be required to be provided by no later than 5:00 p.m., New York City time, on the Notice of Guaranteed Delivery Date, which is April 11, 2017, the second business day after the Expiration Time. The Guaranteed Delivery Settlement Date will take place on April 12, 2017. If the Holder is executing the tender through ATOP, the DTC participant need not complete and physically deliver the Notice of Guaranteed Delivery, but each Holder will be bound by the terms of the Offer.

FOR THE AVOIDANCE OF DOUBT, THE DELIVERY OF SUCH NOTES TENDERED BY GUARANTEED DELIVERY PROCEDURES WILL BE MADE NO LATER THAN 5:00 P.M., NEW YORK CITY TIME, ON THE SECOND BUSINESS DAY AFTER THE EXPIRATION TIME; PROVIDED, THAT ACCRUED INTEREST WILL CEASE TO ACCRUE ON THE SETTLEMENT DATE FOR ALL NOTES ACCEPTED IN THE OFFER, INCLUDING THOSE TENDERED BY THE GUARANTEED DELIVERY PROCEDURES SET FORTH ABOVE AND UNDER NO CIRCUMSTANCES WILL ADDITIONAL INTEREST ON THE NOTES CONSIDERATION BE PAID BY THE COMPANY AFTER THE SETTLEMENT DATE BY REASON OF ANY DELAY ON THE PART OF THE GUARANTEED DELIVERY PROCEDURES.

THE LETTER OF TRANSMITTAL, THE CERTIFICATES REPRESENTING THE NOTES TENDERED AND THE NOTICE OF GUARANTEED DELIVERY

SHOULD BE SENT ONLY TO THE TENDER AGENT, AND NOT TO THE COMPANY, THE DEALER MANAGERS, THE INFORMATION AGENT OR TO ANY BOOKENTRY TRANSFER FACILITY.

THE METHOD OF DELIVERY OF NOTES, THE LETTER OF TRANSMITTAL, THE NOTICE OF GUARANTEED DELIVERY AND ALL OTHER REQUIRED DOCUMENTS TO THE TENDER AGENT IS AT THE ELECTION AND RISK OF THE HOLDER TENDERING NOTES. DELIVERY OF SUCH DOCUMENTS WILL BE DEEMED MADE ONLY WHEN ACTUALLY RECEIVED BY THE TENDER AGENT. IF SUCH DELIVERY IS BY MAIL, IT IS SUGGESTED THAT THE HOLDER USE PROPERLY INSURED, REGISTERED MAIL WITH RETURN RECEIPT REQUESTED, AND THAT THE MAILING BE MADE SUFFICIENTLY IN ADVANCE OF THE EXPIRATION TIME TO PERMIT DELIVERY TO THE TENDER AGENT PRIOR TO SUCH DATE. NO ALTERNATIVE, CONDITIONAL OR CONTINGENT TENDERS OF NOTES WILL BE ACCEPTED.

Signature Guarantees. Signatures on the Letter of Transmittal must be guaranteed by a firm that is a participant in the Security Transfer Agents Medallion Program, the New York Stock Exchange Medallion Signature Program or the Stock Exchange Medallion Program (generally a member of a registered national securities exchange, a member of the Financial Industry Regulatory Authority, or a commercial bank or trust company having an office in the United States) (an "Eligible Institution"), unless (a) the Letter of Transmittal is signed by the registered Holder of the Notes tendered therewith (or by a participant in DTC whose name appears on a security position listing it as the owner of such Notes) and payment of the Notes Consideration is to be made, or if any Notes for principal amounts not tendered or not accepted for purchase are to be issued, directly to such Holder (or, if tendered by a participant in DTC, any Notes for principal amounts not tendered or not accepted for purchase are to be credited to such participant's account at DTC) and neither the "Special Payment Instructions" box nor the "Special Delivery Instructions" box on the Letter of Transmittal has been completed, or (b) such Notes are tendered for the account of an Eligible Institution.

Book-Entry Transfer. The Tender Agent will establish a new account or utilize an existing account with respect to the Notes at DTC (DTC being a "Book-Entry Transfer Facility") for purposes of the Offer promptly after the date of this Offer to Purchase (to the extent such arrangements have not been made previously by the Tender Agent), and any financial institution that is a participant in DTC and whose name appears on a security position listing as the owner of the Notes may make book-entry delivery of Notes by causing DTC to transfer such Notes into the Tender Agent's account in accordance with DTC's procedures for such transfer. Delivery of documents to DTC in accordance with such Book-Entry Transfer Facility's procedures does not constitute delivery to the Tender Agent.

Other Matters. Notwithstanding any other provision hereof, payment for Notes accepted for purchase pursuant to the Offer will in all cases be made only after timely receipt by the Tender Agent of (i) a certificate representing the Notes or a timely Book-Entry Confirmation pursuant to the procedures set forth above, as the case may be, and (ii) a properly completed and duly executed Letter of Transmittal (or manually signed facsimile thereof), with any required

signature guarantees and any other documents required by the Letter of Transmittal, or a properly transmitted Agent's Message through ATOP, as applicable.

Tenders of Notes pursuant to any of the procedures described above, and acceptance thereof by the Company for purchase, will constitute a binding agreement between the Company and the tendering Holder of the Notes, upon the terms and subject to the conditions of the Offer.

By executing a Letter of Transmittal or delivering an Agent's Message, and subject to and effective upon acceptance for purchase of, and payment for, the Notes tendered therewith, a tendering Holder irrevocably sells, assigns and transfers to or upon the order of the Company all right, title and interests in and to all the Notes tendered thereby, waives any and all other rights with respect to the Notes and releases and discharges the Company from any and all claims such Holder may have now, or may have in the future, arising out of, or related to, the Notes, including without limitation any claims that such Holder is entitled to receive additional principal or interest payments with respect to the Notes or to participate in any redemption of the Notes.

All questions as to the form of all documents and the validity (including time of receipt) and acceptance of all tenders of Notes will be determined by the Company, in its sole discretion, the determination of which shall be conclusive and binding. Alternative, conditional or contingent tenders of Notes will not be considered valid. The Company reserves the right to reject any or all tenders of Notes that are not in proper form or the acceptance of which, in the Company's opinion, would be unlawful. The Company also reserves the right to waive any defects, irregularities or conditions of tender as to particular Notes. A waiver of any defect or irregularity with respect to the tender of one Note shall not constitute a waiver of the same or any other defect or irregularity with respect to the tender of any other Note.

Any defect or irregularity in connection with tenders of Notes must be cured within such time as the Company determines, unless waived by the Company. Tenders of Notes shall not be deemed to have occurred until all defects and irregularities have been waived by the Company or cured. None of the Company, the Dealer Managers, the Tender Agent, the Information Agent or any other person will be under any duty to give notice of any defects or irregularities in tenders of Notes or will incur any liability to Holders for failure to give such notice.

Withdrawal of Tenders

Notes tendered may be withdrawn at any time before the earlier of (i) the Expiration Time and (ii) if the Offer is extended, the 10th business day after the commencement of the Offer. In addition, tendered Notes may be withdrawn at any time after the 60th business day after the commencement of the Offer if for any reason the Offer has not been consummated within 60 business days after commencement. In the event of a termination of the Offer with respect to the Notes, such Notes will be credited to the account maintained at DTC from which such Notes were delivered or certificates for such Notes will be returned to such tendering Holders. In addition, the Company may, if it deems appropriate, extend the Expiration Time for any other reason. If the Company makes a material change in the terms of the Offer or the information concerning the Offer or waives a material condition of the Offer, the Company will disseminate additional Offer materials and extend the Offer to the extent required by law. If the consideration

to be paid in the Offer is increased or decreased or the principal amount of Notes subject to the Offer is decreased, the Offer will remain open at least five business days from the date the Company first gives notice to Holders, by public announcement or otherwise, of such increase or decrease. In addition, the Company may, if it deems appropriate, extend the Offer for any other reason.

For a withdrawal of Notes tendered at or prior to the Expiration Time to be effective, a properly transmitted "Request Message" through ATOP or a notice of withdrawal must be delivered at or prior to the Expiration Time.

If Notes have been delivered under the procedures for book-entry transfer, any notice of withdrawal must specify the name and number of the account of the appropriate Book-Entry Transfer Facility to be credited with the withdrawn Notes and must otherwise comply with that Book-Entry Transfer Facility's procedures. Any Notes validly withdrawn will be deemed to be not validly tendered for purposes of the Offer.

Any permitted withdrawal of Notes may not be rescinded, and any Notes validly withdrawn will thereafter be deemed not validly tendered for purposes of the Offer; *provided*, *however*, that validly withdrawn Notes may be re-tendered by again following one of the appropriate procedures described herein at any time at or prior to the Expiration Time.

If the Company extends the Offer or is delayed in its acceptance for purchase of Notes or is unable to purchase Notes pursuant to the Offer for any reason, then, without prejudice to the Company's rights hereunder, tendered Notes may be retained by the Tender Agent on behalf of the Company and may not be withdrawn (subject to Rule 14e-l(c) under the Exchange Act, which requires that a company pay the consideration offered or return the securities deposited by or on behalf of the investor promptly after the termination or withdrawal of a tender offer), except as otherwise provided herein. All questions as to the validity, form and eligibility (including time of receipt) of notices of withdrawal of Notes will be determined by the Company, in the Company's sole discretion (whose determination shall be final and binding). None of the Company, the Tender Agent, the Dealer Managers, the Information Agent, the Trustee or any other person will be under any duty to give notification of any defects or irregularities in any notice of withdrawal, or incur any liability for failure to give any such notification.

Changes in Ratings

The Company may from time to time approach the rating agencies in an effort to obtain more favorable ratings, including more favorable ratings for the Notes. While no assurance can be given that more favorable ratings will be obtained, if that does occur, it could have a favorable impact on the market price at which the Notes trade, including increasing the market price for the Notes above the Notes Consideration. Should that occur, the Company will have no obligation to make any additional payments in respect of any such increase to Holders who tender their Notes and receive payment for Notes which are accepted all in accordance with the Offer terms.

CERTAIN UNITED STATES FEDERAL INCOME TAX CONSEQUENCES

The following is a summary of certain U.S. federal income tax consequences to Holders in connection with the Offer. This discussion is a general summary only and does not address all of the tax consequences that may be relevant to specific Holders in light of their particular circumstances. This discussion deals only with U.S. federal income tax consequences to Holders who are beneficial owners of Notes and who hold such Notes as "capital assets" within the meaning of Section 1221 of the Internal Revenue Code of 1986, as amended (the "Code"), and does not deal with the consequences to special classes of Holders of the Notes, including Holders who tender Notes pursuant to the Offer and also purchase notes pursuant to the Company's concurrent capital markets debt offering, or to banks, financial institutions or "financial services entities," insurance companies, tax-exempt entities, regulated investment companies, real estate investment trusts, retirement plans, individual retirement or other tax-deferred accounts, dealers in securities or currencies, brokers, traders that mark-to-market their securities, expatriates, controlled foreign corporations, passive foreign investment companies, partnerships, S corporations or other pass-through entities for U.S. federal income tax purposes, investors in partnerships, S corporations or other pass-through entities that hold the Notes, persons who hold their Notes as part of a straddle, hedge, conversion transaction or other integrated investment, U.S. Holders (as defined below) whose functional currency is not the U.S. dollar and persons subject to the alternative minimum tax. This discussion does not address any state, local or non-U.S. tax consequences, non-income United States federal tax consequences (such as U.S. federal estate and gift tax consequences) or "Medicare" unearned income tax consequences. This discussion is based upon the provisions of the Code, Treasury regulations promulgated thereunder (the "Treasury Regulations") and administrative and judicial interpretations thereof, all as in effect on the date hereof and all of which are subject to change, possibly with retroactive effect, or different interpretations. The Company has not sought any ruling from the Internal Revenue Service (the "IRS") with respect to the statements made and conclusions reached in this discussion, and there can be no assurance that the IRS will agree with such statements and conclusions.

For purposes of the following discussion, a "U.S. Holder" is a beneficial owner of a Note that is, for U.S. federal income tax purposes: (i) an individual who is a citizen or resident of the United States, (ii) a corporation (or other entity taxable as a corporation) organized under the laws of the United States, any state thereof or the District of Columbia, (iii) an estate the income of which is subject to U.S. federal income taxation regardless of its source, or (iv) a trust (A) if a court within the United States is able to exercise primary supervision over the administration of the trust and one or more U.S. persons (as defined in the Code) have the authority to control all substantial decisions of the trust, or (B) that has a valid election in effect under applicable Treasury Regulations to be treated as a U.S. person. The term "Non-U.S. Holder" means a beneficial owner of a Note that is, for U.S. federal income tax purposes, an individual, corporation, estate or trust and is not a U.S. Holder.

If an entity that is treated as a partnership for U.S. federal income tax purposes holds a Note, the U.S. federal income tax treatment of a partner in the partnership generally will depend upon the status of the partner, the activities of the partnership and upon certain determinations made at the partner level. Any partners of a partnership holding the Notes are urged to consult their own tax advisors regarding the tax consequences of the Offer.

Holders are urged to consult their own tax advisors as to the particular tax consequences applicable to them of the Offer, including the applicability of U.S. federal, state or local tax laws or non-U.S. or non-income tax laws, any changes in applicable tax laws and any pending or proposed legislation or regulations.

Tendering U.S. Holders

Tenders of Notes Pursuant to the Offer. In general, a U.S. Holder that receives cash in exchange for Notes pursuant to the Offer will recognize gain or loss for U.S. federal income tax purposes in an amount equal to the difference, if any, between (i) the amount of cash received in exchange for such Notes, excluding cash attributable to any Accrued Interest (which will be taxable as ordinary income to the extent not previously included in income), and (ii) such U.S. Holder's adjusted tax basis in such Notes at the time of the disposition.

Generally, a U.S. Holder's adjusted tax basis for a Note will be equal to the cost of the Note to such U.S. Holder, increased by any market discount (as described below) previously included in income at such U.S. Holder's election, and decreased (but not below zero) by any amortizable bond premium which the U.S. Holder has previously deducted.

Subject to the market discount rules discussed below, any gain or loss so recognized generally will be capital gain or loss and will be long-term capital gain or loss if the U.S. Holder has held the Notes for more than one year at the time of disposition. A reduced tax rate on long-term capital gain may apply to individual and other non-corporate U.S. Holders. The deductibility of capital losses is subject to limitations.

An exception to the capital gain treatment described above may apply to a U.S. Holder that purchased a Note at any time other than at its original issue at a "market discount." Subject to a statutory de minimis exception, market discount generally is the excess of the principal amount of the Note over the U.S. Holder's tax basis in such Note immediately after its acquisition by such U.S. Holder. In general, unless the U.S. Holder has elected to include market discount in income currently as it accrues, any gain realized by a U.S. Holder on the sale or other disposition of a Note that has market discount will generally be subject to U.S. federal income taxation as ordinary income to the extent of the market discount that has accrued (on a straight line basis or, at the election of the U.S. Holder, on a constant yield basis) while such Note was held by the U.S. Holder. Gain in excess of accrued market discount will be subject to the capital gains rules described above.

Backup Withholding and Information Reporting. In general, information reporting will apply to payments made to a U.S. Holder pursuant to the Offer (including payments of Accrued Interest). In addition, a U.S. Holder may be subject to backup withholding (at the rate of 28%) with respect to the foregoing amounts unless such U.S. Holder provides the withholding agent with such U.S. Holder's correct taxpayer identification number ("TIN"), which, in the case of a U.S. Holder who is an individual, is generally his or her social security number, and certain other information and certifications, or otherwise establish a basis for exemption from backup withholding. Exempt U.S. Holders (including, among others, all corporations) are not subject to these backup withholding and information reporting requirements. A U.S. Holder who does not

provide the withholding agent with its correct TIN may be subject to penalties imposed by the IRS.

Backup withholding is not an additional tax. If withholding results in an overpayment of taxes, the U.S. Holder generally may obtain a refund or credit if the required information is timely provided to the IRS.

Tendering Non-U.S. Holders

Tenders of Notes Pursuant to the Offer. Subject to the discussions below with respect to Accrued Interest and backup withholding, a Non-U.S. Holder generally will not be subject to U.S. federal income or withholding tax on any gain realized upon the receipt of cash in exchange for Notes pursuant to the Offer, unless (i) the Non-U.S. Holder is an individual present in the United States for 183 days or more in the taxable year of disposition and certain other conditions are satisfied or (ii) such gain is effectively connected with such Non-U.S. Holder's conduct of a trade or business within the United States (and, if required by applicable income tax treaty, is attributable to a U.S. permanent establishment or fixed base maintained by the Non-U.S. Holder). If the first exception applies, the Non-U.S. Holder generally will be subject to U.S. federal withholding tax at a flat rate of 30% (or at a reduced rate under an applicable income tax treaty) on the amount by which such Non-U.S. Holder's capital gains allocable to U.S. sources exceed certain capital losses allocable to U.S. sources during the taxable year of the disposition of the Notes. If the second exception applies, the Non-U.S. Holder (i) generally will not be subject to U.S. federal withholding tax (if a proper certification is provided to the Company or its paying agent (e.g., IRS Form W-8ECI (or other applicable form)) and (ii) generally will be subject to U.S. federal income tax with respect to such gain in the same manner as a U.S. Holder (unless an applicable income tax treaty provides otherwise), and a Non-U.S. Holder that is treated as a corporation for U.S. federal income tax purposes also may be subject to a branch profits tax with respect to its effectively connected earnings and profits attributable to such gain at a rate of 30% (or at a reduced rate under an applicable income tax treaty).

Accrued Interest. Payments to a Non-U.S. Holder that are attributable to Accrued Interest generally will not be subject to U.S. federal income or withholding tax, provided that the withholding agent has received or receives, prior to payment, appropriate documentation (generally an IRS Form W-8BEN or W-8BEN-E) establishing that the Non-U.S. Holder is not a U.S. person, unless:

- (i) the Non-U.S. Holder actually or constructively owns 10% or more of the total combined voting power of all classes of stock of the Company that are entitled to vote,
- (ii) the Non-U.S. Holder is a "controlled foreign corporation" that is a "related person" with respect to the Company (each, within the meaning of the Code),
- (iii) the Non-U.S. Holder is a bank which receives the interest in connection with an extension of credit made pursuant to a loan agreement entered into in the ordinary course of business, or

(iv) such interest is effectively connected with the conduct by the Non-U.S. Holder of a trade or business within the United States.

A Non-U.S. Holder that does not qualify for exemption from U.S. federal income and withholding tax under the preceding paragraph generally will be subject to U.S. federal withholding tax at a 30% rate, unless (i) such Non-U.S. Holder is able to claim a valid exemption or reduced rate under an applicable income tax treaty and provides a properly executed IRS Form W-8BEN or W-8BEN-E prior to the payment or (ii) payments that are attributable to Accrued Interest are effectively connected with the conduct by the Non-U.S. Holder of a trade or business within the United States.

Payments of any Accrued Interest that is effectively connected with the conduct by the Non-U.S. Holder of a trade or business within the United States (i) generally will not be subject to U.S. federal withholding tax (if a proper certification is provided to the Company or its paying agent (e.g., IRS Form W-8ECI (or other applicable form)) and (ii) generally will be subject to U.S. federal income tax with respect to such Accrued Interest in the same manner as in the case of a U.S. Holder, unless otherwise provided in an applicable income tax treaty. Moreover, a Non-U.S. Holder that is treated as a corporation for U.S. federal income tax purposes also may be subject to a branch profits tax on any effectively connected earnings and profits attributable to such Accrued Interest at a rate of 30% (or at a reduced rate under an applicable income tax treaty).

Backup Withholding and Information Reporting. In general, backup withholding will not apply to payments made to a Non-U.S. Holder pursuant to the Offer (including payments of Accrued Interest) if, among other conditions, such Non-U.S. Holder certifies as to its non-U.S. status under penalties of perjury or otherwise establishes an exemption. A Non-U.S. Holder generally may establish such an exemption by providing a properly executed IRS Form W-8BEN, W-8BEN-E, W-8ECI or other applicable form to the withholding agent.

Backup withholding is not an additional tax. Any amounts withheld under the backup withholding rules from a payment to a Non-U.S. Holder generally will be allowed as a refund or a credit against such Non-U.S. Holder's U.S. federal income tax liability if the required information is timely provided to the IRS.

In addition to the foregoing, amounts paid on or with respect to the Notes in connection with the Offer (including payments of Accrued Interest) and the amount of tax, if any, withheld from such payments must be reported to such Non-U.S. Holder and the IRS. Copies of the information returns reporting such amounts and withholding also may be made available by the IRS to the tax authorities in the country in which a Non-U.S. Holder is a resident under the provision of an applicable income tax treaty or other agreement.

This summary is of a general nature only and is not intended to be, and should not be interpreted as, legal or tax advice to any particular Holder. If you are considering a tender of Notes pursuant to the Offer, you are urged to consult with your own tax advisor concerning the U.S. federal income tax consequences in connection with the Offer in light of your particular circumstances and any consequences arising under other federal tax laws and the laws of any state, local or non-U.S. taxing jurisdiction.
